### Stretch and Sew Guide to Sewing on Knits

This early work is a fascinating read for sewing enthusiasts and contains much information that is useful and practical today. Its 240 pages are extensively illustrated with diagrams and photographs and 18 full page plates, forming a complete how-to guide to sewing. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

### First Time Sewing with a Serger

The mechanisms, adjustments, and repair of Pfaff, White, New Home, and Brother sewing machines are explained with pictures, diagrams, and parts lists

### Stupendous Stitching

Book I showcases hundreds of sewing machines in full color. Book II shows nearly 1,000 additional machines. Both books have detailed descriptions, measurements, dates, and 1997 values.

### The Sewing Machine Embroiderer's Bible

Motherhood has been one of the great blessings of Dawn Dix-Beaumont's life but with her children's growing independence, it's finally time for Dawn to return to teaching. However, Mother Nature has other ideas Rick Beaumont loves his family but he's busier than ever. With his high-flying career, two children and a third on the way, there's a lot to juggle. Battling expectations, disappointments and a few surprises along the way, Dawn and Rick find their commitment to each other tested to the limit. The next steps they take will be the most important of their lives. So when the pressure mounts and an important decision has to be made, will Dawn and Rick's marriage become stronger than ever, or will it be time to move in different directions? This is the second story in The Cosy Cottage Café series. Now available: Summer at The Cosy Cottage Café Autumn at The Cosy Cottage Café Winter at The Cosy Cottage Café Spring at The Cosy Cottage Café Coming soon: A Wedding at The Cosy Cottage Café

pioneer children and their families. Fourteen patterns spotlight popular quilt designs from the nineteenth century Projects include a game-board quilt, a schoolhouse quilt, a prairie-doll apron, and a schoolgirl sampler See vintage photos of prairie children, and read actual diary entries from children who traveled with their parents to settle in the West

### **Electronic Exchanges**

Anyone reading the business section of a newspaper lately knows that the financial exchanges--stock, bonds, FX, commodities, and so forth--are undergoing tremendous transformations. Fund managers, market makers, traders, exchange professionals, market data providers and analyzers, investors--anyone involved with the financial exchanges needs to understand the major forces pushing this transformation in order to position themselves and their institutions to the best advantage. In this book, veteran exchange expert Michael Gorham joins his twenty-five years of experience with CME and CBOT to the technical expertise of Nidhi Singh of Goldman Sachs to write a book that tells the story of this dramatic transformation. They chronicle the shift: --from floors to screens --from private clubs to public companies, and --from local and national to global competition. They analyze each of these shifts, identify the drivers behind them and look forward to the implications arising out of them for exchange business in the future. They also explore several key trends: --an increase in product innovation --the integration of markets from all over the world onto a single screen, --the rise of the modular exchange --the outsourcing of various exchange functions, and --the difficulty of transcending geography for regulatory purposes. So join Gorham and Singh in learning the story of this fundamental transformation. As old ways of working are being destroyed, entirely new types of jobs are being created, and new ways of working with exchanges. This book will help you chart the way forward to financial success. \*Gorham is an exchange expert and Singh is an electronic trading expert, they combine their expertise to reveal the inner workings of the exchanges and where they will go in the future \*Only book to point to new skills needed and new ways of making money for users of exchange services
