Mathematics, Grade 1

Singapore Math creates a deep understanding of each key math concept, is a direct complement to the current textbooks used in Singapore, includes an introduction explaining the Singapore Math method, and includes step-by-step solutions in the answer key. Singapore Math, for students in grades 2 to 5, provides math practice while developing analytical and problem-solving skills. Learning objectives are provided to identify what students should know after completing each unit, and assessments are included to ensure that learners obtain a thorough understanding of mathematical concepts. Perfect as a supplement to classroom work, these workbooks will boost confidence in problem-solving and critical-thinking skills!

Spectrum Math Workbook, Grade 1

"100 Word Problems : Grade 4 Math Workbook" is an exclusive BrainChimp book packed with carefully selected exercises to stimulate your child's Brain and develop a keen interest in the practical application of Math skills. These Math Word Problems help children practice and reinforce the essential math skills they learn in school. Regular targeted practice is a proven method of helping children reach their maximum potential and perform better on important standardized tests. The aim of this book is to develop logic and reasoning skills while building better math problem-solving skills and improving self-confidence. The BrainChimp series of books are designed to stimulate the minds of children and empower them with the skills to be more successful in school and beyond. Answer Key is included to measure progress and guide practice. Features: - Word Problems for children Grade-5 (Ages 10-11). - 100 carefully selected word problems. - Detailed Answers in a separate Answer Key Section. - Work area for every problem to work out the solutions. Skills Covered: - Addition - Subtraction - Multiplication - Division - Geometry - Money - Time - Fractions - Decimals - Logic - And much more

Who's who in New York City and State

Singapore Math, Grade 4

Containing authentic biographies of New Yorkers who are leaders and representatives in various departments of worthy human achievement including sketches of every army and navy officer born in or appointed from New York and now serving, of all the congressmen from the state, all state senators and judges, and all ambassadors, ministers and consuls appointed from New York.

Mathematics, Grade 4

Appleton's Cyclopædia of American Biography

Learn what a flipped classroom is and why it works, and get the information you need to flip a classroom. You'll also learn the flipped mastery model, where students learn at their own pace, furthering opportunities for personalized education. This simple concept is easily replicable in any classroom, doesn't cost much to implement, and helps foster self-directed learning. Once you flip, you won't want to go back!
