He was a Roman Catholic priest whose love affair became headline news. Now, he shares his explosive story-in his own words In this deeply personal and controversial memoir, Father Albert Cutié tells about the devastating struggle between upholding his sacred promises as a priest and falling in love. Already conflicted with growing ideological differences with the Church, Cutié was forced to abruptly change his life the day that he was photographed on the beach, embracing the woman he would later call his wife. Once a poster boy of the

Roman Catholic Church-loved and admired by millions-Cutié found that he was not happy and able to live as a celibate priest, especially having to defend the number of positions he was no longer in agreement with. For years he kept his relationship a secret, while he soul searched and prayed for answers. The love that he deemed a blessing was bringing him closer to God, but further from the Church. In Dilemma, Cutié tells about breaking that promise, reigniting the very heated debate over mandatory celibacy for Catholic priests, beginning a new way of life and discovering a new way of serving God.

Indonesia has been home to some of the most vibrant and complex developments in modern Islamic thought anywhere in the world. Nevertheless little is known or understood about these developments outside South East Asia. By considering the work of the leading Indonesian thinkers of the twentieth century, Michael Feener, an intellectual authority in the area, offers a cogent critique of this diverse and extensive literature and sheds light on the contemporary debates and the dynamics of Islamic reform. The book highlights the openness to, and creative manipulation of, diverse strands of international thought that have come to define Islamic intellectualism in modern Indonesia. This is an accessible and interpretive overview of the religious and social thought of the world's largest Muslim majority nation. As such it will be read by scholars of Islamic law and society, South East Asian studies and comparative law and jurisprudence.

Surah al-Fatiḥah (Arabic: *عَٰلَمٌ لِّأَنَّ رُؤُسَ*) is the first chapter (surah) of the Quran. Its seven verses (ayat) are a prayer for the guidance, lordship and mercy of God. This chapter has an essential role in Islamic prayer (salat). The primary literal meaning of the expression "al-Fatiḥah" is "The Opener," which could refer to this Surah being "the opener of the Book" (Fatiḥat al-kitab), to its being the first Surah recited in

full in every prayer cycle (rak'ah), or to the manner in which it serves as an opening for many functions in everyday Islamic life. Some Muslims interpret it as a reference to an implied ability of the Surah to open a person to faith in God. The name al-Fatiḥah ("the Opener or the opening") is due to the subject-matter of the surah. Fatiḥah is that which opens a subject or a book or any other thing. In other words, a sort of preface. The word فاتحة came from the root word فتح which means to open, explain, disclose, keys of treasure etc. That means sura Al-Fatiha is the summary of the whole Quran. That is why we recite another Ayat or sura along with Fatiha in our prayers. That is, sura Al-Fatiha is paired with rest of the whole Quran. It is also called Umm Al-Kitab ("the Mother of the Book") and Umm Al-Quran ("the Mother of the Quran"); Sab'a al Mathani ("Seven repeated [verses]"), an appellation taken from verse 15:87 of the Quran); Al-Hamd ("praise"), because a hadith narrates Muhammad as having said that GOD says: "The prayer [al-Fātiḥah] is divided into two halves between Me and My servants. When the servant says, 'All praise is due to God', the Lord of existence, God says, 'My servant has praised Me'."; Al-Shifa' ("the Cure"), because a hadith narrates Muhammad as having said: "The Opening of the Book is a cure for every poison."; Al-Ruqyah ("remedy" or "spiritual cure")., and al-Asas, "The Foundation", referring to its serving as a foundation for the entire Quran.

### **The Evolution Deceit**

Selfish, obscenely rich, insular, and opportunistic: these remain how Chinese minorities in Indonesia are perceived by the indigenous population. However, far from being passive victims of discrimination and marginalisation, Chong presents a forceful case in which Chinese Indonesians possess the agency to shape their future in the country, particularly in the changing political, business, and socio-cultural environment after the fall of Suharto. While a lack of good governance that promotes the rule of law and accountability allows or even encourages some Chinese to maintain the status quo by perpetuating corrupt business practices inherited from Suharto's New Order regime, there are other Chinese Indonesians who make full use of the democratic space opened up under the new administrations, acting as agents of reform by participating in electoral politics and establishing inter-ethnic socio-cultural organisations. Building on Anthony Giddens's

structure-agency theory and Pierre Bourdieu's notions of habitus and field, Chong shows that the Chinese minorities have played an active role in the democratic process, even though they continue to occupy an ambivalent position in Indonesia. The Chinese Indonesians' diverse strategies to safeguard their personal interests and cultural identities make a stimulating case study of what an ethnic minority could do to make a difference. 'Backed by formidable research, Chong has produced an intriguing and original view of the political, social, and economic activity of the still precariously placed Chinese minority in Indonesia.' —Donald L. Horowitz, Duke University; author of *Constitutional Change and Democracy in Indonesia* 'In this illuminating study, Chong traces the political economy of Indonesia's ethnic Chinese minority as they navigate the country's post-1998 politics, which is more free but still lacks strong rule of law. Focusing especially on Medan and Surabaya, she analyses how some have strongly supported reforms while many continue old practices of surviving and profiting by participating in massive corruption and extortion.' —Jeffrey A. Winters, Northwestern University; author of *Oligarchy*
