Dr Mike Moreno's 17 Day Diet is a revolutionary new weight-loss programme that activates your skinny gene so that you burn fat day in and day out. The diet is structured around four 17-day cycles: Accelerate- the rapid weight loss portion that helps flush sugar and fat storage from your system; Activate-the metabolic restart portion with alternating low and high calorie days to help shed body fat; Achieve - this phase is about learning to control portions and introducing new fitness routines; Arrive - A combination of the first three cycles to keep good habits up for good. Each cycle changes your calorie count and the food that you're eating. The variation that Dr. Mike calls 'body confusion' is designed to keep your metabolism guessing. This is not a diet that relies on a tiny list of approved foods, gruelling exercise routines, or unrealistic calorie counts that leave you hungry and unfulfilled. Each phase comes with extensive lists of what dieters can and can't eat while on the phase, but also offers acceptable cheats. He advises readers not to drink while on the diet, but concedes that if they absolutely have to then they should at least drink red wine. Dr Mike knows that a diet can only work if it's compatible with the real world, and so he's designed the programme with usability as a top priority.

A New York Times bestseller from certified weight-loss expert JJ Smith, Green Smoothies for Life offers a brand-new meal plan to incorporate green smoothies into your everyday routine while developing healthier long-term eating habits and improving your overall health. More than a weight loss plan, the 10-Day Green Smoothie Cleanse, designed by nutritionist and certified weight-loss expert JJ Smith, became a way of life. Readers reported that they not only shed pounds but they

also slept better, thought more clearly, and were in better over-all health, with some adherents, in consultation with their doctor, even moving off medication. As delicious as her green smoothies are, however, the cleanse was designed only to jumpstart a detox and a new approach to eating—it's not a permanent solution. In her new book, *Green Smoothies for Life*, the highly anticipated follow up to the #1 New York Times bestseller *10-Day Green Smoothie Cleanse*, Smith presents a way that green smoothies can be incorporated into your daily regimen. With over thirty recipes for everything from hot dinners to desserts and snacks, sixty thoughtfully composed green smoothie recipes, a thirty-day meal plan and the corresponding shopping lists, the book provides you with a step-by-step prescriptive daily regimen that shows you how to eat mindfully and healthily. In addition to green smoothies and color photographs of select recipes, the book includes more than twenty effective methods to detox (which helps fuel weight loss), information on Smith's DHEMM (Detox, Hormonal Balance, Eat, Move and Mental Mastery) weight loss system, and testimonials from dieters who've change their approach to not just food but also life since while following her advice. Whether you are just starting out on your weight loss journey or already a smoothie convert, *Green Smoothies for Life* is the essential next step in continuing your pursuit of a healthier lifestyle.

Prevent or reverse taco deficiency. Get that fresh taco-y feeling with over 75 seriously tasty vegan recipes. Tired of the same old cleanse? Instead of feeling rejuvenated are you feeling depleted, anxious, and cranky? (Not to mention . . . hungry?) A group of vegan taco scientists in Austin, Texas, know just how you feel, and now reveal their one-of-a-kind cleansing journey that anybody can follow and stick to—the Taco Cleanse. While the typical cleanse works by depriving you of your favorite foods, the plant-based Taco Cleanse rewards your body with what it naturally craves: tortillas, refried beans, guacamole! Begin with a breakfast taco, the most important taco of the day. Even if you do nothing else, your mood will brighten in just 24 hours. Keep eating tacos and within a week your outlook will be noticeably improved. After 30 days, cleansers report lasting benefits—and you will, too! The Taco Cleanse shows you: How to make everything from the tortilla—flour, corn, and waffle (!)—to the thirst-quenching “Supplements” (margaritas and other beverages) that best complement your tacos What to put in the tortilla— beer-battered portobellos, mac and cheese, even tater tots How to remake popular staples like picadillo, tacos al pastor, carne guisada, and fish tacos using plants instead of, well, animals. The Taco Cleanse is cheap, easy, and delicious. Its recipes are authentically Austin, and are sometimes even inspired by Mexico, where the taco was first created. Everything tastes better folded (exactly once) into a tortilla. Just eat one or more tacos at every meal, adding margaritas as necessary. It's that simple.

Soupelina's Soup Cleanse

Discover the original international diet sensation—used by Adele, heavyweight champion David Haye, and Pippa Middleton—that will help you lose seven pounds in seven days while experiencing lasting energy and eating all the foods you love. Over the past few years, fasting has become a popular diet option. Studies show that fasting—whether through moderate calorie restriction every day or the more severe but less frequent intermittent fasting—can help people lose about thirteen to fourteen pounds in six months and reduce their risk of developing disease. When we fast, our body's energy stores activate what is known as sirtuins, or the “skinny gene,” and many positive changes ensue. Fat storage is switched off, and our body stops its normal growth processes and goes into “survival” mode. Fat burning is stimulated and the genes involved in the repair and rejuvenation of our cells are turned on—which all results to weight loss and improved resistance to disease. But if not done correctly, fasting can lead to hunger, irritability, fatigue, and loss of muscle. Enter Sirtfoods: a newly discovered group of foods that is revolutionizing healthy eating. Ranging from chocolate and red wine to garlic and walnuts, sirtfoods are particularly rich in special nutrients that help us activate the same skinny genes in our bodies that fasting triggers. Nutritionists Aidan Goggins and Glen Matten have created The Sirtfood Diet to help you effectively lose weight and improve your resistance to disease, while still giving you incredible energy and glowing health.
