Encyclopaedia Britannica

The New International Encyclopaedia

Today, we know what the Black Sea is not from a strategic perspective, but we do not know what it is. This strategic indecision is the explanation for all the conflicts, frozen or not, explicit or tacit, and all the political and geopolitical tensions that are now taking place in this space and that are becoming endemic. The story of the Black Sea continues... This text is the first encyclopaedia explicitly dedicated to the geopolitics of the Black Sea, written for Western audiences, an academic research which appeals to the wider academic community, PhD students, professors, and researchers, and to any reader interested in geopolitics, history, international relations, economy, sociology, history, and geography.

Encyclopedia of the Developing World

The New International Encyclopædia

An Encyclopaedia of Parliament

Encyclopaedia Britannica

The Encyclopaedia Britannica

The Encyclopaedia Britannica 2010 Almanac, is the complete source for fast facts. Published in association with Time Magazine, the Encyclopaedia Britannica Almanac 2010 includes more coverage of key subjects such as the arts, business, people, science, and the world than other leading almanacs. Read about the ongoing humanitarian crisis in Darfur, the rise of global food prices and the accompanying political and financial effects, the growing military operation in Afghanistan, the lives of influential political leaders, athletes, authors, heroes and much more !

American Supplement to Encyclopædia Britannica

Covers 15 broad subject groupings: social sciences (generic); psychology; sociology; social work & social welfare; politics; government; law; finance, accountancy & taxation; industries & utilities; business & management; education & learning; sport; media & communications; information & library sciences; and tools for information professionals.

Encyclopaedia of European Elections

The Encyclopædia Britannica

The Encyclopaedia of European Elections provides readers with a full set of tools to understand one of the most fascinating acts of democratic participation in contemporary Western Europe. Leading scholars from a range of disciplines cover an extensive variety of topics, from the genesis of European elections to the behaviour of young voters via the role of the media, and from the various legal and electoral systems used to the impact of the elections on European identity via the evolution of turnout between 1979 and 2004. The volume also includes entries on each country, each political party group in the European Parliament, and over 140 political, historical, sociological, philosophical, and legal aspects of the elections.

The Encyclopaedia Britannica: Cal to Con

The Encyclopaedia of Ireland

The New International Encyclopædia

First published in 1958.

Encyclopaedia Britannica Almanac 2010

The Encyclopaedia of Ireland contains a full A-Z listing of over 5500 articles on all things Irish, past and present, written by experts in the various fields. All the text has been specially commissioned and written for the Encyclopaedia. From the

The New Encyclopaedia Britannica: Macropaedia : Knowledge in depth

Since the end of the internationalist Soviet experiment in 1989, nationalism is now recognized as a positive, vital force in modern political, cultural, and social life-if kept in check from excess. As a result of the explosion of nationalism, there has been a veritable resurgence of nationalism studies. This proliferation calls for a survey of instruments which have been developed by scholars for the study of nationalism. The Encyclopaedia of Nationalism brings together leading scholars in nationalism studies to survey this complex phenomenon. With over one hundred entries the Encyclopaedia of Nationalism offers a complete and concise set of tools for the study of nationalism in a single volume. The focus throughout is theoretical, and for this reason particular nationalist movements and individual leaders are treated only as illustrative historical and contemporary cases in numerous entries. The Encyclopaedia is organized in an alphabetical sequence of entries, each of which includes a short bibliography for further reading. The reader will find in-depth discussions of the work of modern theoreticians of nationalism. The defining figures of the eighteenth and nineteenth centuries including Herder, Rousseau, Fichte, Marx, and Renan. Conceptual entries, are treated historically and sociologically. Crucial influential ideas and phenomena that continually redefine themselves with changing historical circumstances, among them, anti-Semitism, art and nationalism, assimilation, class and nation, decolonization, ethnic competition, genocide, language and nation, multiculturalism, religion and nation, state and nation, and xenophobia are treated in depth. A special attraction of this volume is its essay-long entries, many of which have been written by the scholars who developed them. The Encyclopaedia of Nationalism discusses in lucid terms, from an interdisciplinary perspective, the central issues, debates, concepts, and theories available to students and scholars of nationalism. As such it is the most comprehensive and authoritative guide to the subject in all its varied manifestations and implications. It will be an essential tool for historians, political scientists, sociologists, and scholars of the history of ideas.

Chamber's Encyclopaedia

The Field of Eurocracy

Collects over 750 entries on the historical and current status of developing countries, topics include civil society, economics, and social progress.

The Encyclopædia Britannica

Encyclopaedia of Religion and Ethics

The word Eurocracy has resonance throughout out Europe but in reality we know little about the people who work in and around the EU or how they fit into its large bureaucratic framework. Based on extensive fieldwork, this book addresses this problem by exploring the MEPs, diplomats, civil servants and commissioners that work in and around the EU.

Encyclopaedia of Women in South Asia: Maldives

The Euro crisis catapulted the EU into its most serious political crisis since its inception, leaving it torn between opposing demands for more sovereignty and solidarity. This volume focuses on the key themes of disunion, sovereignty and solidarity. It assesses the main EU institutions: member states, civil society actors and policy areas.

Encyclopaedia of South East and Far East Asia

Scope: theology, philosophy, ethics of various religions and ethical systems and relevant portions of anthropology, mythology, folklore, biology, psychology, economics and sociology.
