#IMomSoHard

"A chillingly realistic work of science fiction." — The New York Times. After dropping anchor for the night

near a small island to the south of Japan, a crew of fishermen awaken to find that the island has vanished without a trace. An investigating scientist theorizes that the tiny island has succumbed to the same force that divided the Japanese archipelago from the mainland — and that the disastrous shifting of a fault in the Japan Trench has placed the entire country in danger of being swallowed by the sea. Based on rigorous scientific speculation, *Japan Sinks* recounts a completely credible series of geological events. The story unfolds from multiple points of view, offering fascinating perspectives on the catastrophe's political, social, and psychological effects. Winner of the Mystery Writers of Japan Award and the Seiun Award, this prescient 1973 science-fiction novel foreshadowed the consequences of the 1995 Osaka-Kobe earthquake and the 2011 Tohoku earthquake and tsunami.

POST is a look at how post-hardcore/emo music developed since its unintentional inception in the mid-1980s. With each chapter broken up by influential band or label, it focuses on a broad style of independent music that developed because of the Do-It-Yourself (DIY) ethic. Focusing on bands like Fugazi, Jawbox, Jawbreaker, Sunny Day Real Estate, Braid, the Promise Ring, Hot Water Music, the Get Up Kids, At the Drive-In, and Jimmy Eat World, as well as labels like Dischord, Jade Tree, and Vagrant, these bands and labels came from the ideas of DIY and sustained them. In turn, they inspired plenty that came after them. Looking at the surroundings and circumstances from where they came, this a look at the bonds that formed and the music that came out. ". . . a gripping, Our Band Could Be Your Life-style narrative," - Aaron

Burgess, writer for Alternative Press and Revolver.

Defending Jacob

Comedian and actress Arden Myrin delivers a hilarious and heartfelt memoir about navigating adulthood and her rise on the comedy scene despite an unconventional upbringing. Arden Myrin is the product of not one, but two hasty decisions. Her paternal grandparents ran off and got married twenty-four hours after they met. Arden's parents did one better -- they married on a dare. Growing up in Arden's family, her dad ate nothing but sheet cake, while her mom was busy teaching a Cub Scout troop how to put on a Broadway musical. Oh, and she grew up in a small farm town called Little Compton, Rhode Island. Human population: 3,518. Cow population: 278. General Store: One. Stop Lights: Zero. At nineteen, Arden packed her bags with stars in her eyes and landed at ImprovOlympic in Chicago, where for the first time in her life she felt like she finally made sense. After drinking in as much comedy experience (and Sea Breezes) as she could, Arden got her big break when she was cast on an NBC sitcom. She moved to Los Angeles, knowing no one, and quickly realized she had no clue how to be a fully-grown human adult on her own. How do you date someone and not ruin it? How do you interact with people if you have a teeny bit of social anxiety? How do you stand up for yourself if you're a people pleaser? And most of all, how do you start to believe that you are enough? From small town Rhode Island to accidentally kicking Courteney Cox in the face on a

soundstage in Hollywood, Arden's hilarious, inspiring, and honest story shows readers how one totally unconventional upbringing might be the very thing one needs to thrive, all while showing up as your most outrageous, authentic self. Shout out to Little Compton!! Woot Woot!!!

Little Miss Little Compton

Recounts the infamous Jeffrey MacDonald murder case and how it reflects shortcomings in the justice system, drawing on court transcripts, lab reports, and original interviews to consider the plausibility of MacDonald's innocence.

A Very English Scandal

The #1 NEW YORK TIMES Bestseller The basis for the PBS Ken Burns Documentary The Gene: An Intimate History From the Pulitzer Prize-winning author of The Emperor of All Maladies—a fascinating history of the gene and “a magisterial account of how human minds have laboriously, ingeniously picked apart what makes us tick” (Elle). “Sid Mukherjee has the uncanny ability to bring together science, history, and the future in a way that is understandable and riveting, guiding us through both time and the mystery of life itself.” –Ken Burns “Dr. Siddhartha Mukherjee dazzled readers with his Pulitzer Prize-winning The Emperor of All Maladies in 2010. That achievement was evidently just a warm-up for his virtuoso performance in The Gene: An Intimate History, in which he braids science, history, and memoir into an epic with all the range and biblical thunder of Paradise Lost” (The New York Times). In this biography Mukherjee brings to life the quest to understand human heredity and its surprising influence on our lives, personalities, identities, fates, and choices. “Mukherjee expresses abstract intellectual ideas through emotional stories...[and] swaddles his medical rigor with rhapsodic tenderness, surprising vulnerability, and occasional flashes of pure poetry” (The Washington Post). Throughout, the story of Mukherjee’s own family—with its tragic and bewildering history of mental illness—reminds us of the questions that hang over our ability to translate the science of genetics from the laboratory to the real world. In riveting and dramatic prose, he describes the centuries of

research and experimentation—from Aristotle and Pythagoras to Mendel and Darwin, from Boveri and Morgan to Crick, Watson and Franklin, all the way through the revolutionary twenty-first century innovators who mapped the human genome. “A fascinating and often sobering history of how humans came to understand the roles of genes in making us who we are—and what our manipulation of those genes might mean for our future” (Milwaukee Journal-Sentinel), *The Gene* is the revelatory and magisterial history of a scientific idea coming to life, the most crucial science of our time, intimately explained by a master. “*The Gene* is a book we all should read” (USA TODAY).

Japan Sinks

The no-holds-barred complete story of the #1 hit '70s sitcom. Find out what really happened both behind and in front of the cameras. *Come and Knock on Our Door* delivers all the titillation and travails of the breakthrough coed roommate farce that launched John Ritter, Joyce DeWitt, and Suzanne Somers to stardom in 1977. On-screen, the trio's dilemmas were always just zany misunderstandings riddled with pratfalls and double entendres and resolved with hugs and kisses. But behind the scenes, the real-life tensions of fame and controversy plus personal, financial, and creative conflicts threatened to end the love and laughter. With interviews from over sixty actors, producers, directors, and crew members, Chris Mann uncovers the good, the bad, and the ugly that occurred on the set-- from the fun and friendships to

the feuding and falling-outs. For the first time ever, John Ritter and Joyce DeWitt break their silence about the eroding relations and bitter breakup with their onetime pal and original costar, Suzanne Somers and some of the show's top execs tell their sides of the story behind her big money demands and missed work, the public outcry, and her eventual firing. Joyce DeWitt also reveals her secret struggles with the show's producers and explains why she turned her back on Hollywood when John Ritter spun off alone in *Three's a Crowd*-- and what she's been doing ever since. Jenilee Harrison tells what it was like to replace Suzanne Somers during the contract dispute. Norman Fell, Don Knotts, Richard Kline, and Ann Wedgeworth disclose the ups and downs of TV's looniest landlords and tenants. And the late Audra Lindley, in her final interview, describes what she looks for in a muu-muu. *So Come and Knock on Our Door, We've Been Waiting for You.*

The Last Ship

A thrilling true crime account of the scandalous private life of Jeremy Thorpe, the British MP whose covert homosexual affair led to blackmail, cover ups, a hired hitman, and ended with the "Trial of the

Century." As a Member of Parliament and Leader of the Liberal Party in the 1960s and 70s, Jeremy Thorpe's bad behavior snuck under the radar for years. Police and politicians alike colluded to protect one of their own. In 1970, Thorpe was the most popular and charismatic politician in the country, poised to hold the balance of power in a coalition government. But Jeremy Thorpe was a man with a secret. His homosexual affairs and harassment of past partners, along with his propensity for lying and embezzlement, only escalated as he evaded punishment. Until a dark night on the moor with an ex-lover, a dog, and a hired gun led to consequences that even his charm and power couldn't help him escape. Dubbed the "Trial of the Century," Thorpe's climactic case at the Old Bailey in London was the first time that a leading British politician had stood trial on a murder charge, and the first time that a murder plot had been hatched in the House of Commons. And it was the first time that a prominent public figure had been exposed as a philandering gay man, in an era when homosexuality had only just become legal. With the pace and drama of a thriller, *A VERY ENGLISH SCANDAL* is an extraordinary story of hypocrisy, deceit, and betrayal at the heart of the British Establishment.

topping bestseller lists around the world, with sales of more than two million copies in Europe and rights sold in more than forty countries, *The Truth About the Harry Quebert Affair* is a fast-paced, tightly plotted, cinematic literary thriller, and an ingenious book within a book, by a dazzling young writer. August 30, 1975: the day fifteen-year-old Nola Kellergan is glimpsed fleeing through the woods, never to be heard from again; the day Somerset, New Hampshire, lost its innocence. Thirty-three years later, Marcus Goldman, a successful young novelist, visits Somerset to see his mentor, Harry Quebert, one of the country's most respected writers, and to find a cure for his writer's block as his publisher's deadline looms. But Marcus's plans are violently upended when Harry is suddenly and sensationally implicated in the cold-case murder of Nola Kellergan—whom, he admits, he had an affair with. As the national media convicts Harry, Marcus launches his own investigation, following a trail of clues through his mentor's books, the backwoods and isolated beaches of New Hampshire, and the hidden history of Somerset's citizens and the man they hold most dear. To save Harry, his own writing career, and eventually even himself, Marcus must answer three questions, all of which are mysteriously connected: Who killed Nola Kellergan? What happened one misty morning in Somerset in the summer of 1975? And how do you write a book to save someone's life? From the Trade Paperback edition.
