Elementary Korean Second Edition

A fierce international bestseller that launched Korea's new feminist movement, Kim Jiyoung, Born 1982 follows one woman's psychic deterioration in the face of rigid misogyny. Truly, flawlessly, completely, she became that person. In a small, tidy apartment on the outskirts of the frenzied metropolis of Seoul lives Kim Jiyoung. A thirtysomething-year-old "millennial everywoman," she has recently left her white-collar desk job—in order to care for her newborn daughter full-time—as so many Korean women are expected to do. But she quickly begins to exhibit strange symptoms that alarm her husband, parents, and in-laws: Jiyoung impersonates the voices of other women—alive and even dead, both known and unknown to her. As she plunges deeper into this psychosis, her discomfited husband sends her to a male psychiatrist. In a chilling, eerily truncated third-person voice, Jiyoung's entire life is recounted to the psychiatrist—a narrative infused with disparate elements of frustration, perseverance, and submission. Born in 1982 and given the most common name for Korean baby girls, Jiyoung quickly becomes the unfavored sister to her princeling little brother. Always, her behavior is policed by the male figures around her—from the elementary school teachers who enforce strict uniforms for girls, to the coworkers who install a hidden camera in the women's restroom and post their photos online. In her father's eyes, it is Jiyoung's fault that men harass her late at night; in her husband's eyes, it is Jiyoung's duty to forsake her career to take care of him and their child—to put them first. Jiyoung's painfully common life is juxtaposed against a backdrop of an advancing Korea, as it abandons "family planning" birth control policies and passes new legislation against gender discrimination. But can her doctor flawlessly, completely cure her, or even discover what truly ails her? Rendered in minimalist yet lacerating prose, Kim Jiyoung, Born 1982 sits at the center of our global #MeToo movement and announces the arrival of writer of international significance.

Kim Jiyoung, Born 1982: A Novel

A riveting debut novel set in contemporary Seoul, Korea, about four young women making their way in a world defined by impossible standards of beauty, after-hours room salons catering to wealthy men, ruthless social hierarchies, and K-pop mania “Powerful and provocative . . . a novel about female strength, spirit, resilience—and the solace that friendship can sometimes provide.”—The Washington Post NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Time • NPR • Esquire • Bustle • BBC • New York Post • InStyle Kyuri is an achingly beautiful woman with a hard-won job at a Seoul “room salon,” an exclusive underground bar where she entertains businessmen while they drink. Though she prides herself on her cold, clear-eyed approach to life, an impulsive mistake threatens her livelihood. Kyuri's roommate, Miho, is a talented artist who grew up in an orphanage but won a scholarship to study art in New York. Returning to Korea after college, she finds herself in a precarious relationship with the heir to one of the country's biggest conglomerates. Down the hall in their building lives Ara, a hairstylist whose two preoccupations sustain her: an obsession with a boy-band pop star, and a best friend who is saving up for the extreme plastic surgery that she hopes will change her life. And Wanna, one floor below, is a newlywed trying to have a baby that she and her husband have no idea how they can afford to raise in Korea's brutal economy. Together, their stories tell a gripping tale at once unfamiliar and unmistakably universal, in which their tentative friendships may turn out to be the thing that ultimately saves them.

From the Award-Winning Author of *The Hole*, a Slow-Burning Thriller about Vengeance and Debts We Accumulate, in *Life, in Death* The Law of Lines follows the parallel stories of two young women whose lives are upended by sudden loss. When Se-oh, a recluse still living with her father, returns from an errand to find their house in flames, wrecked by a gas explosion, she is forced back into the world she had tried to escape. The detective investigating the incident tells her that her father caused the explosion to kill himself because of overwhelming debt she knew nothing about, but Se-oh suspects foul play by an aggressive debt collector and sets out on her own investigation, seeking vengeance. Ki-jeong, a beleaguered high school teacher, receives a phone call from the police saying that the body of her younger half-sister has just been found. Her sister was a college student she had grown distant from. Though her death, by drowning, is considered a suicide by the police, that doesn't satisfy Ki-jeong, and she goes to her sister's university to find out what happened. Her sister's cell phone reveals a thicket of lies and links to a company that lures students into a virtual pyramid scheme, preying on them and their relationships. One of the contacts in the call log is Se-oh. Like Hye-young Pyun's Shirley Jackson Award-winning novel *The Hole*, *The Law of Lines* an immersive thriller that explores the edges of criminality in ordinary lives, the unseen forces that shape us, and grief and debt.

The Birth of Korean Cool

The Korean Nation was formed over a long period as ethnic groups migrated and interacted with each other in and around Manchuria and the Korean Peninsula. This is why Koreans constitute one of the oldest people in Asia and pride themselves of a long tradition and rich cultural heritage. As a peninsular state, Korea has both continental and oceanic characteristics. Its culture is a unique amalgamation of foreign influences, as its geographical location constantly exposed it to contacts with not only China, but with countries to the north, south and west of China as well. In ancient times, Korea was a power in East Asia and once ruled much of Manchuria. The kingdom of Goguryeo was successful in repelling the aggression of China's Sui Dynasty and Tang Dynasty, while the kingdom of Balhae ruled over a vast territory extending to the north as far as Siberia (Russian Maritime Territory). Throughout history, Korea not only developed a culture that is unique and distinguished from that of China, but also transmitted many elements of its culture to Japan.

Winner of the 2016 Man Booker International Prize NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Publisher's Weekly • BuzzFeed • Entertainment Weekly • Time • Wall Street Journal • Bustle • Elle • The Economist • Slate • The Huffington Post • The St. Louis Dispatch • Electric Literature Featured in the New York Times selection of "15 remarkable books by women that are shaping the way we read and write fiction in the 21st century" A beautiful, unsettling novel about rebellion and taboo, violence and eroticism, and the twisting metamorphosis of a soul Before the nightmares began, Yeong-hye and her husband lived an ordinary, controlled life. But the dreams—invasive images of blood and brutality—torture her, driving Yeong-hye to purge her mind and renounce eating meat altogether. It's a small act of independence, but it interrupts her marriage and sets into motion an increasingly grotesque chain of events at home. As her husband, her brother-in-law and sister each fight to reassert their control, Yeong-hye obsessively defends the choice that's become sacred to her. Soon their attempts turn desperate, subjecting first her mind, and then her body, to ever more intrusive and perverse violations, sending Yeong-hye spiraling into a dangerous, bizarre estrangement, not only from those closest to her, but also from herself. Celebrated by critics around the world, *The Vegetarian* is a darkly allegorical, Kafka-esque tale of power, obsession, and one woman's struggle to break free from the violence both without and within her.

Journal of Korean Medical Science

This volume critically examines the phenomenon of “English fever” in South Korea from both micro- and macro-perspectives. Drawing on original research and rich illustrative examples, the book investigates two key questions: why is English so popular in Korea, and why is there such a gap between the ‘dreams’ and ‘realities’ associated with English in Korea? These questions are explored through the eyes of English-Korean translators and interpreters, who represent the professional group most intensely engaged in the zeal for English language mastery. Macro-perspectives focus on historical factors leading to the rise of English, with English-Korean translation and interpreting as a key theme. Micro-perspectives explore the dreams that individuals attach to English and the ways in which they imagine it can transform their lives, and contrast these dreams with the stark realities felt on the ground. The gaps between these dreams and realities are explored from various angles, which include commodification, gender and neoliberalism. The book thus offers fresh insights on how the phenomenon of “English fever” has been created, reproduced, and sustained from both historical and contemporary viewpoints.

Korean Grammar for Speaking 2

This book explores practical and theoretical approaches to translation in Korea from the 16th century onwards, examining a variety of translations done in Korea from a diachronic perspective. Offering a discussion of the methodology for translating the *Xiaoxue* (Lesser or Elementary Learning), a primary textbook for Confucianism in China and other East Asian countries, the book considers the problems involving Korean Bible translation in general and the Term Question in particular. It examines James Scarth Gale, an early Canadian Protestant missionary to Korea, as one of the language's remarkable translators. The book additionally compares three English versions of the Korean Declaration of Independence of 1919, arguing that the significant differences between them are due both to the translators' political vision for an independent Korea as well as to their careers and Weltanschauungen. The book concludes with a detailed analysis of Deborah Smith's English translation of 'The Vegetarian' by Han Kang, which won the 2016 Man Booker International Prize for Fiction.
