Du Iz Tak?

The inspiring story of the girl behind one of the greatest novels -- and monsters -- ever, perfectly timed for the 200th anniversary of the publication of Frankenstein. For fans for picture book biographies such as *I Dissent* or *She Persisted*. How does a story begin? Sometimes it begins with a dream, and a dreamer. Mary is one such dreamer, a little girl who learns to read by tracing the letters on the tombstone of her famous feminist mother, Mary Wollstonecraft, and whose only escape from her strict father and overbearing stepmother is through the stories she reads and imagines. Unhappy at home, she seeks independence, and at the age of sixteen runs away with poet Percy Bysshe Shelley, another dreamer. Two years later, they travel to Switzerland where they meet a famous poet, Lord Byron. On a stormy summer evening, with five young people gathered around a fire, Byron suggests a contest to see who can create the best ghost story. Mary has a waking dream about a monster come to life. A year and a half later, Mary Shelley's terrifying tale, *Frankenstein: or, the Modern Prometheus*, is published -- a novel that goes on to become the most enduring monster story ever and one of the most popular legends of all time. A riveting and atmospheric picture book about the young woman who wrote one of the greatest horror novels ever written and one of the first works of science fiction, *Mary Who Wrote Frankenstein* is an

exploration of the process of artistic inspiration that will galvanize readers and writers of all ages.

The Flame of Battle

How far will she go to change history, and the man she loves? In this third book of the Dragons series, time travel and fantasy weave together in a passionate romance. Left at the altar, Mia DiMarco's perfect world comes crashing down. She retreats to the only place she's felt safe in this foreign land, the castle where she works, and a fervent wish launches her back in time to Napoleonic France. Mia will have to face history in her present with a man she's only ever read about, Lord Greyson Dumont-- who can set her heart on fire and who she knows is destined to die.

Foglifter, Volume 5 Issue 1

Bernadette might seem like an ordinary monster, but sometimes she likes to do some very unmonsterlike things, like pick flowers. And pet kittens. And bake. When the time comes for Bernadette to go to Monster Academy, she's just a teensy bit nervous. Her classmates just don't understand her. They'd rather uproot trees than sing friendship songs. And they prefer fried snail goo to Bernadette's homemade cupcakes with sprinkles. Can Bernadette find a way to make friends at school and still be herself?

Nonsense!

The Anti-Cinderella Conquers the World

With exquisitely detailed illustrations, an invented language, and tragicomic flair, Carson Ellis invites readers to imagine the dramatic possibilities to be found in even the humblest backyard.

The Monstore

Sparks is an 11-year-old cabin boy on the Southern Cross, a pirate ship led by Captain Barracuda. When he and the crew discover a book left by the infamous pirate Phineas Johnson Krane, they must learn to read in order to decipher its contents and go in search of Krane's hidden treasure. A satisfying tale packed with pirates, outlaws, danger and, in the words of its narrator, "no second chances."

One Fun Day with Lewis Carroll

Duckworth's parents think he is a difficult child, so when a snake slides right up and swallows him whole, his parents don't believe him! What's poor Duckworth to do? Duckworth is a difficult child. At least that's what his parents think. So when Duckworth tries to explain that a gigantic snake slithered out of his closet, his parents insist it's all in his head—he is far too old to be imagining such nonsense. (And will he please do his chores?) But even when the cobra slides right up and swallows Duckworth whole, his parents remain unconvinced! (Where did he find that snake costume, and will he please put it away?) What's poor Duckworth to do when his parents just won't listen?

With nods to the deliciously dark humor of Edward Gorey, Florence Parry Heide, and Jon Klassen, Michael Sussman and Júlia Sardà empathize with children everywhere who must find ways to deal with their difficult parents.

Red Rex

Beginning with just a title--Incognolio--he enters a bizarre fictional realm that plunges him into an identity crisis of anguishing proportions. Haunting Miss Trentwood

1772. London. Scandal. Suspense. Sex. With her perfect breeding, flawless beauty, and proper manners, Alison Brooke never expected to be

smear'd by the cruel brush of scandal. Robert Anderson, Viscount Charmaine, is focused on his tumbling finances and dying father. When villainy leaves the ravishing (and ravished) Alison thrown at his feet, Robert is pulled from his self-recrimination and into the heart of the Season's hottest gossip. Marquis Anthony Farrington is one of Alison's many rejected suitors and Robert's best friend. Secretly, Anthony risks the gallows for his ongoing support of the populist movements. When Robert is given charge of the investigation against Anthony, friendships, loyalty, and ideals come into question. Alison's constant companion, the wallflower Brenda Boswell, timidly watches romance unfold. Yet, in the end, unfashionable Brenda shows herself to be a spitfire capable of saving them all. Caught in the act, caught by scandal, caught by honor, and caught by duty, the four friends are ultimately caught by the most powerful thing of all - love.

The Anti-Cinderella

In this celebration of Lewis Carroll's playful and creative sense of language, Kathleen Krull uses words invented by Carroll himself to tell the story of how Alice's Adventures in Wonderland came to be.

The Shrinking of Treehorn

The royal wedding was only the beginning of my happy ending . . . I'm now a full-fledged member of the royal family. That means all my problems are over, doesn't it? Apparently not. Even though I'm now

a princess-by-marriage and a duchess-by-title, I'm still the same Kyra who's prone to putting her sneaker-clad foot into her mouth. It's a good thing Nicky loves me. Our work is thriving and our marriage is strong. Together, we can tackle any challenge. But it's not until our peaceful existence is threatened that I realize how precious it is. And they lived happily ever after . . . right?

Cursed

Mermaids can be cruel creatures. I couldn't stop them from hurting her, but I couldn't let them destroy her, no matter what they did to me. The moment I heard the bottom feeder had been chosen for the reckoning, my heart sank. Had I been discovered for what I truly was? Years of pretending I was just like everyone else could all have been for naught. But then I heard it was Verona, and my blood ran cold. Why was I surprised? I shouldn't have been. I'd stood by and watched her ridiculed since we were younglings. I was never as brave or as unselfish as she was. But today, I would be.

A Dragon's Heart

The Hideout

"If you want to pretend you're shrinking, that's all right," said Treehorn's mother, "as long as you don't do it at the table." A small boy finds himself shrinking in this oddly offbeat, surreal, and funny story, illustrated with Edward Gorey's signature pen and ink drawings. No one around seems to appreciate what Treehorn's going through--his parents are busy, his friends laugh at him, and he gets sent to the Principal's office for shrinking. Or was it shirking? Clearly, the adults in his life have no clue and can't help. In the end, Treehorn figures it out on his own, and all is well. At least until he turns green. A charming, imaginative classic that will appeal to any kid who feels they're not truly seen or heard by the grown-ups in their life. Works for adults, too. Lester's Dreadful Sweaters

The Liszts make lists. They make lists most usual and lists most unusual. They make lists in winter, spring, summer and fall. They make lists every day except Sundays, which are listless. Mama Liszt, Papa Liszt, Winifred, Edward, Frederick and Grandpa make lists all day long. So does their cat. Then one day a visitor arrives. He's not on anyone's list. Will the Liszts be able to make room on their lists for this new visitor? How will they handle something unexpected arising? Kyo Maclear's quirky, whimsical story, perfectly brought to life with the witty, stylish illustrations of Júlia Sardà, is a humorous and poignant celebration of spontaneity.

The Treasure of Barracuda

How many girls can say their first kiss was with a prince in the British royal family? I was fourteen and he was sixteen, and yes, it was magical. But that kiss didn't exactly change my life. To tell you the truth, I didn't even think about it-or Nicky Windsor-for the next ten years . . . until fate, in the guise of my grandparents, brought us back together again. Now everything has spun out of control. I'm ducking reporters and photographers when I try to leave home. My friends act as if I'm someone they don't know anymore. The whole world seems to be watching me, wanting to see some kind of modern Cinderella story. But trust me, I'm no man's princess. I'm more comfortable in tennis shoes than in a tiara, more likely to rock a bucket than a ball gown, and more liable to fall on my face than to pull off a graceful wave. The only thing that keeps me from

running away and hiding is Nicky. He's all I've ever wanted in a man: hot, hunky and head-over-heels in love with me. I think I feel the same way. I think I want to be with him forever. But the idea of life with the royal family terrifies me. Even if I have found my one and only, can I handle what comes after our happy ending?

Mostly Monsterly

A beautifully illustrated and lyrical picture-book biography of eccentric and beloved writer and artist Edward Gorey In this lyrical biography of one of literature's most creepily creative authors and illustrators, kids will learn about the inspiration behind a generation of creators, from Lemony Snicket to Tim Burton. Known for, among other things, wearing a large fur coat wherever he went, storyteller Edward Gorey was respected for both his brilliance and his eccentricity. As a child, he taught himself to read and skipped several grades before landing at Harvard (after a brief stint in the army). Then he built a name for himself as a popular book illustrator. After that, he went on to publish well over one hundred of his own books, stories that mingled sweetness and innocence, danger and darkness, all mixed with his own brand of silliness. Illustrated with Gorey-like humor and inspiration by Chloe Bristol, this stunning picture book biography about this beloved creator is the first for children.

The Book Review Companion

"Haunting Miss Trentwood is very well written with clever dialog and a rambunctious ghost. (Who wouldn't love that?) I spent an entire day reading it because I was unable to put it down, and I came away satisfied by the ending. It was a very enjoyable read. Humorous, but never over the top." - N.M.

Martinez"Haunting Miss Trentwood is, without doubt, one of the finest books I have had the pleasure of reading. Belinda Kroll writes with such fluidity in a style that is reminiscent of classic authors like Jane Austen. I was swept into the story from the very first page and I found it difficult to put down, often staying up late into the night to complete 'just a few more chapters'. I was not disappointed at any stage within the book, it flowed beautifully, making me feel that I didn't want it to end." - Suzy Turner---If you love Amanda Quick, Mary Jo Putney, Deanna Raybourn, and Victoria Holt, you will love HAUNTING MISS TRENTWOOD! Mary Trentwood is horrified when she watches her father crawl from his grave the day of his funeral. Mistaking the newly-arrived Alexander Hartwell to be her father's solicitor, Mary welcomes him into her home, not realizing he hunts a blackmailer. Why is Trentwood's ghost determined to make everyone think Mary is insane? Why is Hartwell snooping around Mary's home rather than looking over Trentwood's papers? Who is the blackmailer, and what are they doing in Mary's home?
