Blood Truce

It is the late summer of 1814, and Hannah Bonner and her half brother Luke have spent more than a year searching the islands of the Caribbean for Luke's wife and the man who abducted her. But Jennet's rescue, so long in coming, is not the resolution they'd hoped for. In the spring she had given birth to Luke's son, and in the summer Jennet had found herself compelled to surrender the infant to a

stranger in the hope of keeping him safe. To claim the child, Hannah, Luke, and Jennet must journey first to Pensacola. There they learn a great deal about the family that has the baby. The Poiterins are a very rich, very powerful Creole family, totally without scruple. The matriarch of the family has left Pensacola for New Orleans and taken the child she now claims as her great-grandson with her. New Orleans is a city on the brink of war, a city where prejudice thrives and where Hannah, half Mohawk, must tread softly. Careful plans are made as the Bonners set out to find and reclaim young Nathaniel Bonner. Plans that go terribly awry, isolating them from each other in a dangerous city at the worst of times. Sure that all is lost, and sick unto death, Hannah finds herself in the care of a family and a friend from her past, Dr. Paul de Guise Savard dit Saint-d'Uzet. It is Dr. Savard and his wife who save Hannah's life, but Dr. Savard's half brother who offers her real hope. Jean-Benoit Savard, the great-grandson of French settlers, slaves, and Choctaw and Seminole Indians, is the one man who knows the city well enough to engineer the miracle that will reunite the Bonners and send them home to Lake in the Clouds. With Ben Savard's guidance, allies are drawn from every segment of New Orleans's population and from Andrew Jackson's army, now pouring into the city in preparation for what will be the last major battle of the War of 1812. Brian's Winter

British agent Joe Wilderness returns in “Lawton’s ongoing recreation of Cold War chicanery . . . one of the great pleasures of modern spy fiction” (Mick Herron, award-winning author of the Slough House series). It’s London, the swinging sixties, and by all rights, MI6 spy Joe Wilderness should be having as good a time as James Bond. But alas, his postings are more grim than glamorous. In the wake of an embarrassing disaster for MI6 in a divided Berlin, Wilderness is reprimanded with a posting to remote northern Finland under the guise of a cultural exchange program to promote Britain abroad. Bored by his work, with nothing to spy on, Wilderness strikes a deal with his old KGB pal Kostya to smuggle vodka into the

USSR. But there is something fishy about why Kostya has suddenly turned up in Finland—and MI6 intelligence from London points to a connection with cobalt mining in the region, a critical component in the casing of the atomic bomb. Wilderness’s posting is getting more interesting by the minute, but more dangerous too. Moving from the no-man’s-land of Cold War Finland to the wild days of the Prague Spring, and populated by old friends—including Inspector Troy—and old enemies alike, Hammer to Fall is a gripping tale of deception and skullduggery, of art and politics—a page-turning story of the always-riveting life of the British spy. “Lawton scores another hit.” —Publishers Weekly (starred review) “A jaw-dropping finale that will leave readers palpitating for more.” —Booklist (starred review) “A terrific thriller: fun, satisfying, and humane.”—Kirkus Reviews (starred review)

Hammer to Fall

Literary Nonfiction. How did Cheryl Strayed turn a solo hike into an inspirational memoir, beloved by millions? Memoirist and professor Alden Jones sets out to explore why. But when a sudden personal crisis occurs while she is writing, Jones realizes she must confront some difficult truths, both in her life and on the page. *THE WANTING WAS A WILDERNESS* is a profoundly original work that blends criticism, craft analysis, and a memoir of Jones's own time in the wilderness. The result is a celebration of WILD and a map of our long path to self-discovery. "Alden

Jones intended to write a reckoning with a contemporary literary classic--but she has written far more than that. To carefully dissect Wild, she finds she must consider her own quests: her own time in the wild; her self-discoveries as a queer woman; and how she can both live and tell an authentic story. This is a beautiful, lyric, unexpected book about the power of memoir and how desire both leads us into the wilderness and makes for us a map. THE WANTING WAS A WILDERNESS is book for readers, true readers, to treasure."--Alex Marzano-Lesnevich "In THE WANTING WAS A WILDERNESS, Alden Jones initiates a smartly syncopated call-and-response with Cheryl Strayed's Wild, the book that helped her make sense of a past turbulent with conflicting desires. Embedded in the saga of her own wilderness trek is Jones's open-eyed and completely compelling account of the dynamics of love and sexuality. The book builds itself beautifully as Jones keeps asking herself how to best present her story. This is how craft makes a memoir come to life."--Sven Birkerts "THE WANTING WAS A WILDERNESS defies genre--part literary analysis, part memoir, part rumination on memoir and memoir writing. Alden Jones explores her own private wilderness as she takes us along on Cheryl Strayed's hike. This journey through Jones's life, and her intelligent, thoughtful considerations of literature and writing, is one you will not want to miss. Jones asks us: What's in your pack? And that is the question that ultimately resonates: As you think about your wilderness, what's in your pack?"--Ann Hood "THE WANTING WAS A WILDERNESS is so much more than a work of literary criticism or a memoir. It is a manifesto on how to live an honest and authentic life. Brilliant!"--Bobbi Brown

From the international bestselling author of *The Gilded Hour* comes Sara Donati's enthralling epic about two trailblazing female doctors in nineteenth-century New York. Obstetrician Dr. Sophie Savard returns home to the achingly familiar rhythms of Manhattan in the early spring of 1884 to rebuild her life after the death of her husband. With the help of Dr. Anna Savard, her dearest friend, cousin, and fellow physician she plans to continue her work aiding the disadvantaged women society would rather forget. As Sophie sets out to construct a new life for herself, Anna's husband, Detective-Sergeant Jack Mezzanotte calls on them both to consult on two new cases: the wife of a prominent banker has disappeared into thin air, and the corpse of a young woman is found with baffling wounds that suggest a killer is on the loose. In New York it seems that the advancement of women has brought out the worst in some men. Unable to ignore the plight of New York's less fortunate, these intrepid cousins draw on all resources to protect their patients.

A Journey From Lost to Found. At 26, Cheryl Strayed thought she had lost everything. In the wake of her mother's rapid death from cancer, her family disbanded and her marriage crumbled. With nothing to lose, she made the most impulsive decision of her life: to walk eleven-hundred miles of the west coast of America - from the Mojave Desert, through California and Oregon, and into Washington State - and to do it alone. She had no experience of long-distance hiking and the journey was nothing more than a line on the map. This account captures the agonies - both mental and physical - of her incredible journey.

Into the Unknown

In a time when folklore and superstition are prevalent and animal spirits are totem guides, the Kingdom of Durundal can be a mysterious place - and for a child who is different, it can be cruel. Ajeya is a girl with a secret when she is banished into the wilderness by her father, Emperor Gnaeus of Ataxata. Close to death and sheltered by her mother, she is found and accepted by the clans who give her protection for many years - until the day a rumble can be heard in the distance and an enemy breaches the horizon intent on death and destruction - but who or what do they want? Facing an army with unfathomable strength and resources, the situation is hopeless or is it? If you like realistic personalities and well crafted worlds then you will love *A Hare in the Wilderness* - a tale of those who refuse to give up and surrender - a tale of those who face their fears and conquer. With strong, resilient characters in Ajeya and Keao, and others whom are less forgiving like the Emperor and his henchman the General; you are drawn into a story of love, strength and honour. For this is the Kingdom of Durundal, where those darkest secrets of the unknown test even the bravest souls. -Book 1 in the Kingdom of Durundal series--Review from amazon.com This is probably one of the best-written books I've ever read, the descriptions were so beautiful, the words were poetic. The author really has an amazing way with words. What is more, the plot is also as captivating. Ajeya is cast aside by her father, the Emperor because she has a disfigurement by birth. The story begins with her telling her tale of strength, love,

and courage as she fights the prejudices of the people and slowly realizes who she is, the heir to the Empire of Ataxata. Characters were well developed, so likable, from Dainn to Hagen and Keao and many others. Such a heartwarming beautiful story that should appeal to all ages. I'm looking forward to reading the second book in the series.

Set in 1750's Pennsylvania, INTO THE WILDERNESS depicts life in the Allegheny Mountains and the Northeast at the beginning of the French and Indian War. Noah Wilde is a "long hunter," a man who hunts game for settlements and forts and is sometimes gone for months at a time. Sixteen-year-old Jessica Matthews is attacked by Ottawa Indians and is saved by Noah, who is wounded in the encounter. As Noah recovers at Jessica's mountain cabin, he and Jessica fall in love, but Noah, who is secretly spying for the English government, has a mission to

fulfill and is forced to leave once he recovers. Noah's role in an earlier French versus English battle forces his imprisonment, and he is unable to return to Jessica in time to save her and her family from an Indian attack that leaves her parents and brother dead and sees Jessica captured by Delaware Indians. After his release, Noah is sent on a new mission with a young George Washington, and when he discovers what happened to Jessica, he leaves to search for her. He once again risks his life to free her. Although Noah and Jessica are fictitious characters, INTO THE WILDERNESS is filled with real history, characters, and adventures that depict the courage and determination necessary for the birth and growth of the United States of America. Innocence

Weaving a tapestry of fact and fiction, Sara Donati's epic novel sweeps us into another time and place . . . and into a breathtaking story of love and survival in a land of savage beauty. It is December of 1792. Elizabeth Middleton leaves her comfortable English estate to join her family in a remote New York mountain village. It is a place unlike any she has ever experienced. And she meets a man unlike any she has ever encountered—a white man dressed like a Native American: Nathaniel Bonner, known to the Mohawk people as Between-Two-Lives. Determined to provide schooling for all the children of the village, Elizabeth soon finds herself locked in conflict with the local slave owners as well as with her own family. Interweaving the fate of the Mohawk Nation with the destiny of two lovers, Sara Donati's compelling novel creates a complex, profound, passionate portait of

an emerging America. Praise for Into the Wilderness “My favorite kind of book is the sort you live in, rather than read. Fire Along the Sky

In her extraordinary novels Into the Wilderness and Dawn on a Distant Shore, award-winning writer Sara Donati deftly captured the vast, untamed wilderness of late-eighteenth-century New York and the trials and triumphs of the Bonner family. Now Donati takes on a new and often overlooked chapter in our nation's past--and in the life of the spirited Bonners--as their oldest daughter, the brave and beautiful Hannah, comes of age with a challenge that will change her forever. Masterfully told, this passionate story is a moving tribute to a resilient, adventurous family and a people poised at the brink of a new century. It is the spring of 1802, and the

village of Paradise is still reeling from the typhoid epidemic of the previous summer. Elizabeth and Nathaniel Bonner have lost their two-year-old son, Hannah's half brother Robbie, but they struggle on as always: the men in the forests, the twins Lily and Daniel in Elizabeth's school, and Hannah as a doctor in training, apprenticed to Richard Todd. Hannah is descended from healers on both sides--one Scots grandmother and one Mohawk--and her reputation as a skilled healer in her own right is growing. After a long night spent attending to a birth, Elizabeth and Hannah encounter an escaped slave hiding on the mountain. She calls herself Selah Voyager, and she is looking for Curiosity Freeman--a former slave herself, one of the village's wisest women and Elizabeth's closest friend. The Bonners take Selah, desperately ill, to Lake in the Clouds to care for her, and with that simple act they are drawn into the secret life that Curiosity and Galileo Freeman and their grown children have been leading for almost ten years. The Bonners will do what they must to protect the Freemans, just as Hannah will protect her patient, who presents more than one kind of challenge. For a bounty hunter is afoot--Hannah's childhood friend and first love, Liam Kirby. While Elizabeth and Nathaniel undertake a treacherous journey through the endless forests to bring Selah to safety in the north, Hannah embarks on a very different journey to New-York City, with two goals: to learn the secrets of vaccination against smallpox, a disease that threatens Paradise, and to find out what she can about Liam's immediate past and what caused him to change so drastically from the boy she once loved. The obstacles she faces as a woman and a Mohawk make

her confront questions long avoided about her place in the world. Those questions follow her back to Paradise, where she finds that the medical miracle she brings with her will not cure prejudice or superstition, nor can it solve the problem of slavery. No sooner have the Bonners begun to rebound from their losses--old and new--than they find themselves confronted by more than one old enemy in a battle that will test the strength of their love for one another. Hannah faces the decision she has always dreaded: will she make a life for herself in a white world, or among her mother's people?

The remarkable English painter Stanley Spencer produced a series of works entitled *Christ in the Wilderness* (1939-54), portraying the forty days Jesus spent in the wilderness. These beautiful and compelling images give us a startling insight into Jesus' vocation and his own understanding of his ministry. They show his great love for nature and affinity with all creation. In this attractive illustrated book, Stephen Cottrell reflects on five of the *Christ in the Wilderness* paintings, and reveals them to be a rich source of spiritual wisdom and nourishment. He invites us to slow down and enter into the stillness of Stanley Spencer's vision. By dwelling in the wilderness of these evocative portraits, Stephen Cottrell encourages us to refine our own discipleship and learn again what it means to follow Christ.

Sara Donati's debut novel, *Into the Wilderness*, was hailed as "epic in scope, emotionally intense an enrapturing, grand adventure" (BookPage) and "a captivating saga definitely the romance of the year when it comes to transcending genre boundaries" (Booklist). Author Diana Gabaldon called it "one of those rare

Now, in her second novel, this award-winning master storyteller once again blends fact and fiction, and re-creates her beloved characters from *Into the Wilderness* in an eloquent, enthralling tale of romance and adventure. Elizabeth and Nathaniel Bonner have settled into their life together at the edge of the New-York wilderness in the winter of 1794 when Elizabeth gives birth to healthy twins. But soon the events in Canada draw Nathaniel far away from his new family. Word has reached them that Nathaniel's father has been arrested by crown officials in British Canada. Nathaniel reluctantly leaves Hidden Wolf Mountain to set out for the distant city, determined to see his father freed. Instead Nathaniel is imprisoned and finds himself in imminent danger of being hanged as an American spy. In a desperate bid to save her husband, Elizabeth bundles her infants and sets out on the long trek to Montreal. Accompanied by her stepdaughter, Hannah, their wise friend Curiosity Freeman, and Runs-from-Bears, a Mohawk warrior and lifelong friend of Nathaniel's, Elizabeth journeys through the snowy wilderness and across treacherous waterways. But she soon discovers that freeing Nathaniel will take every ounce of her courage and inventiveness. It is a struggle that threatens her with the loss of what she loves most: her children. Torn apart, the Bonners must embark on yet another perilous voyage this time all the way across the ocean to the heart of Scotland, where a wealthy earl claims kinship with Nathaniel's father, Hawkeye. In his heart, the Mahican tribe of Hawkeye's youth is the truest kin he will ever know, just as Nathaniel will always remain loyal

to the Mohawk nation. But with this journey a whole new world opens up to Nathaniel and Elizabeth--and a destiny they could never have imagined awaits them. A British agent is drawn to Berlin's bridge of spies in this "superlative Cold War espionage story" from the author of the acclaimed Inspector Troy series (The Seattle Times). It's the summer of 1961, and the inscrutable Khrushchev is developing plans for something that could change the fate of the Cold War. As he and Kennedy gamble with the fate of millions of lives, Cockney East-Ender-turned-spy Joe Wilderness is thrust into the conflict. Enlisted by MI6 to set up office in Berlin, Wilderness returns to the city where he spent his postwar years, where a former paramour is under threat, and where the dividing line between the West and the Soviets will soon be crossed. As the Russians start building the wall, two agents find themselves trapped on opposing sides: an unfortunate Englishman in the Lubyanka in Moscow, and a KGB operative in London's Wormwood Scrubs. Now, Wilderness has a new mission: Swap the prisoners on Berlin's bridge of spies. But, as a former black marketer, Wilderness is also working a personal angle—just to make it interesting, just to make it profitable, just to make it a little more dangerous. What can possibly go wrong? Named by the Daily Telegraph as one of "50 Crime Writers to Read before You Die," John Lawton is "quite possibly the best historical novelist we have" (The Philadelphia Inquirer). "[The Joe Wilderness novels] are meticulously researched, tautly plotted, historical thrillers in the mold of World War II and Cold War fiction by novelists like Alan Furst, Phillip Kerr, Eric Ambler, David Downing and Joseph Kanon." —The Wall Street Journal "Rich, inventive, surprising, informed, bawdy, cynical, heartbreaking and hilarious. However much you know about postwar Berlin, Lawton will take you deeper into its

people, conflicts and courage. . . . Spy fiction at its best.” —The Washington Post

A Hare in the Wilderness

Letitia holds nothing more dear than the papers that prove she is no longer a slave. They may not cause white folks to treat her like a human being, but at least they show she is free. She trusts in those words she cannot read--as she is beginning to trust in Davey Carson, an Irish immigrant cattleman who wants her to come west with him. Nancy Hawkins is loathe to leave her settled life for the treacherous journey by wagon train, but she is so deeply in love with her husband that she knows she will follow him anywhere--even when the trek exacts a terrible cost. Betsy is a Kalapuya Indian, the last remnant of a once proud tribe in the Willamette Valley in Oregon territory. She spends her time trying to impart the wisdom and ways of her people to her grandson. But she will soon have another person to care for. As season turns to season, suspicion turns to friendship, and fear turns to courage, three spirited women will discover what it means to be truly free in a land that makes promises it cannot fulfill. This multilayered story from bestselling author Jane Kirkpatrick will grip readers' hearts and minds as they travel with Letitia on the dusty and dangerous Oregon trail into the boundless American West.

The Unfortunate Englishman

With epic sweep and breathtaking adventure, Sara Donati's bestselling saga of an Early American family's struggle for survival in the Northeast wilderness continues with the story of an indomitable woman and an unforgettable journey of redemption across a young nation threatened by the flames of war. The year is 1812 and Hannah Bonner has returned to her family's mountain cabin in Paradise. But Nathaniel and Elizabeth Bonner can see that Hannah is not the same woman as when she left. For their daughter has come home without her husband and without her son...and with a story of loss and tragedy that she can't bear to tell. Yet as Hannah resumes her duties as a gifted healer among the sick and needy, she finds that she is also slowly healing herself. Little does she realize that she is about to be called away to face her greatest challenge ever. As autumn approaches, news of the latest conflict with Britain finds the young men of Paradise—including eighteen-year-old Daniel Bonner—eager to take up arms. Against their better judgment, Nathaniel and Elizabeth must let him go, just as they must let his twin sister Lily, a stubborn beauty, pursue her independence in Montreal. But on the eve of the War of 1812, an unexpected guest arrives from Scotland: It is the Bonners' distant cousin, the newly widowed Jennet Scott of Carryckcastle. Far from home, Lily and Jennet will each learn the price of pursuing their dreams and the possibility of true love. But it's Hannah herself who must risk everything once more—this time to save Daniel, who's been taken prisoner by the

British. As the distant thunder of war threatens Paradise, Hannah may learn to live—and maybe love—again in one final act of courage, duty, and sacrifice. A gifted writer, a master storyteller, and a first-rate historian, Sara Donati has written a powerful, poignant, and movingly romantic novel that chronicles the lives and adventures of a family as compelling and unforgettable as any in American fiction.
