From the author of the award-winning, best-selling novel *Matterhorn*, comes a brilliant nonfiction book about war. In 1968, at the age of twenty-three, Karl Marlantes was dropped into the highland jungle of Vietnam, an inexperienced lieutenant in command of a platoon of forty Marines who would live or die by his decisions. Marlantes survived, but like many of his brothers in arms, he has spent the last forty years dealing with his war experience. In *What It Is Like to Go to War*, Marlantes takes a deeply personal and candid look at what it is like to experience the ordeal of combat, critically examining how we might better prepare our soldiers for war. Marlantes weaves riveting accounts of his combat experiences with thoughtful analysis, self-examination, and his readings—from Homer to *The Mahabharata* to Jung. He makes it clear just how poorly prepared our nineteen-year-old warriors are for the psychological and spiritual aspects of the journey. Just as *Matterhorn* is already being acclaimed as a classic of war literature, *What It Is Like to Go to War* is set to become required reading for anyone—soldier or civilian—interested in this visceral and all too essential part of the human experience.

It's Hard Being Human

CLASSIC SELF-HELP FROM A RESPECTED PIONEER OF PSYCHOTHERAPY All of us worry about something, big or small, every day. But much of the emotional misery we feel is an overreaction, and it can be significantly reduced, using the techniques you'll find in this landmark book. World renowned therapist Dr. Albert Ellis, who created Rational-Emotive Behavior Therapy (REBT), believed that anger, anxiety, and depression are not only unnecessary, they're unethical, because when we allow ourselves to become emotionally upset, we're being unfair and unjust to ourselves. Thinking negative thoughts is a choice we can refuse to make. Applying the proven, time-tested principles of REBT is a simple, logical way to find true mental health and happiness. REBT acknowledges the power of emotions, but it also helps us understand which feelings are healthy and which are not. This classic book teaches you how to: *Retrain your brain to focus on the positive aspects of your life and face each obstacle without unnecessary despair *Control your emotional destiny *Refuse to upset yourself about upsetting yourself *Solve practical problems as well as emotional problems *Conquer the tyranny of "shoulds" and much more, providing all the tools you need to take back your life—and your happiness. If you can refuse to make yourself miserable, you're that much closer to making yourself happy—every day.

When you think of the Newsboys, do you think rock and roll, gold records, concerts, and fame? Shine: Make Them Wonder What You've Got reveals the Newsboys in a way you have never seen them before--not just as performers but as Christians. The Ultimate Success Formula

In a series of brief chapters, Al Gini lays out ideas for 'stepping out of the shadow of the self' - an argument for stopping thinking of yourself as the centre of the universe. It's hard to be good, he explains, until we realize that being good only has meaning in relation to other people. Ideas of justice, fairness, and ethical behavior are just that - abstract ideas - until they are put into action with regard to people outside ourselves. We may worry too much about good versus evil - big concepts that give us plenty of room to sit on the right side of the equation, he argues. Instead, we need to be thinking about how being good involves an active relationship toward others. Being good all by yourself may not be good enough. This warm and generous book is for anyone who wants to know how to use ethical thinking as way to live, work, and be with others.

For many years I have received requests at my seminars and workshops for a book containing the teachings I have been so privileged to deliver over the last fifteen

years. As I do with all situations, I asked for a sign that this proposed book was in accordance with Divine Will and would manifest at the appropriate time. Just one week later, at the end of a meeting, a lady who is also an author, suggested the teachings be put in book form! Hence Heart Conditions was born. Everyone has a heart condition, whether spiritual, physical, or both. This book will help you to recognize your heart condition and, consequently, to change it by shifting your spiritual and physical chemistry through forgiveness, compassion and love. The teachings are simple stories, taken from the experiences and heartbreaks in my life, suggesting how we can collectively transmute our life experiences into personal mastery. It is time for us all to leave behind the repressive conditioning and opinions of society and change our own heart conditions by allowing, forgiving, and loving. This collection of stories will help you to be courageous enough to take responsibility for who you are and to live your own truth triumphantly.

Why you should be reading this book. To the victims of crime: Make no mistake about it, after reading this book, you will know beyond a reasonable doubt that prisoners in jail are suffering. Whether it is on the city, county, or state level, prisoners are living in a world that far extends the suffering they have inflicted upon you. Having this knowledge will never make up for your loss or ill feelings. It can only do two things: give you peace of mind or allow you to forgive. In any case, each and every day a criminal is behind bars, s/he is subject to disease, destruction, despair, and death. This book will provide you with extremely vivid details of the life of a prisoner. And I can assure you, what's going on in the mind of a prisoner is far more torturous than what's happening in the cell. To the parents: What will it be today that sets you apart from the responsibility of being accountable to your children. How will you spend your day? What puts you at risk of coming to jail today? Consider the events that make up your day; the drives, the pick ups, the drops, the fighting, the stealing, the dealing, the doping, the drinking. How much longer can you play this game of roulette with your children? What's it going to take for you to already realize the sorrow, regret, and despair, you will feel by coming to jail and simultaneously abandoning your children. To the criminal: Are you alone? Did you come to jail today? Will you be here tomorrow? Does your history wish for a better re-occurrence of events unfolding in your life? Right now, at this very moment, are you in jail because of some unforeseen future that should have been recognized long before the cuffs were placed around your wrists? If you are in jail today, have been in jail before, or are setting yourself up to go to jail, this is the book to read. Jail is the sentence you receive for committing a crime. The sentence will be time. But the true punishment of your crime will come from the imprisonment of your mind. Peter Hall

How to Forgive When It's Hard to Forget

By all accounts, David Kaufman, M.D., had a good life—he was married to a woman he loved, had three children, and a fulfilling career as a radiologist. But as the years passed, he realized that he could no longer deny who he was—he was a gay man. However, before he could tell his wife, she told him she needed to talk to him about an important issue. It was then that she confided in him that she had accepted the growing awareness that she was gay. Her announcement surprised him, but made it easier for him to tell her he, too, was gay. In *Untying the Knot*, David Kaufman shares a unique story of coming out and how he and his former wife have helped each other on their separate journeys into new lives.

It's Hard Not to Hate You

Find a cozy place. Pour yourself a comforting cup of tea. Sit awhile with me. Let's chat about how your life is changing, based on three small words, "You have cancer". I have heard these words not once, but twice. And I was left speechless in the process. No one else in my family had faced the reality of this incredible life-altering event. No one in my friend circle had heard these words, either. I was alone in many ways. This book is a collection of my thoughts and experiences. Many of which I have shared with newly diagnosed cancer patients, a sharing I continue with, even though my diagnosis was almost a decade ago. It is not technical in nature that is left to your treating physician. It is a source for real life events from me, one person, who was initially told that I had less than 6 months to live. I hope this brings some comfort, and laughter, to you as you read these pages.

Chapter one of this book is named, So Here I Am—in a Place I Never Imagined. Don't find yourself there! Quite often, heart-wrenching, end-of-life decisions must be made in a moment's notice by laypersons and healthcare professionals alike. This book was written to help you understand many of the issues you may face, and help you unravel their complexity—so, when the time comes, you can think clearly and make informed decisions on behalf of the dying—be it you, loved ones, or your patients. FOR THE LAYPERSON—Are you truly prepared? Have you discussed your wishes with a trusted individual? Are you certain your final wishes will be carried out? It is not just about having your Last Will and Testament and pre-paid burial in place. Be aware of what you may encounter at the end of your life because some decisions can land you amid a technological hell. FOR HEALTHCARE PERSONNEL—A must-read book for all nurses and nursing students, all respiratory therapists and respiratory therapy students, and all healthcare personnel directly involved with patients nearing or at the end of life. Are you prepared to handle the mental, emotional, and spiritual issues of your patients, their families, and yourself during such crucial moments? Some of the important elements covered are: Legal considerations regarding end-of-life decisions | How CPR it is performed, it's success rate, possible complications | Life-support vs mechanical ventilation | How modern technology prolongs the dying process | How modern technology blurs the line between life and death | What is terminal? | Prolonging life vs quality of life | The consequences of withholding the truth regarding your illness or outcome | What it means to hold on or let go! This book is not about palliative care or understanding the bereavement processes. It's about those unfortunate patients and their families caught in the nightmarish world of modern medical technology.

I dont yell at people. I just shatter them emotionally and make them cry. Meet Tony Calamari. Freshman year at Mallard High does not begin well. For one thing, too many adults are telling him what to do, and there are too many annoying kids he has to spend four more years with. Like the last nine years werent bad enough (yes, hes counting kindergarten). If only he could ignore as many people as possible, but no one will let him. Which is just typical. Then one day he finds himself assigned to a classroom where maybe, just maybe, he might begin to like high school in spite of himself.

The girls love Colfax the way it is: small, pure and controlled by The Prowler. When a new girl moves to Colfax, she brings to question their whole way of life. In order to maintain their outlook on life and keep their power the girls make it their mission to get rid of the invading "new girl."

The Pacific Monthly

Munsey's Magazine

Bringing together some of the best of Judith Viorst's witty and perceptive poetry—and featuring the illustrations from the original edition by John Alcorn—Viorst explores the all-too-true ironies and absurdities of being a woman in the modern world. Whether she's finding herself or finding a sitter, contemplating her sex life as she rubs hormone night cream on her face, or wrestling with the contradiction of falling in love with a man her parents would actually approve of, Viorst transforms the familiar events of daily life into poems that make you laugh with recognition. Here is the young single girl leaving her parents' home for life in the big city ("No I do not believe in free love/And yes I will be home for Sunday dinners"). Here is the aspiring bohemian with an expensive liberal arts education, getting coffee and taking dictation, "Hoping that someday someone will be impressed/With all I know." Here is that married woman, coping with motherhood ("The tricycles are cluttering my foyer/The Pop Tart crumbs are sprinkled on my soul") and fantasy affairs ("I could imagine cryptic conversations, clandestine martinis and me explaining that long kisses clog my sinuses") and all-too-real family reunions ("Four aunts in pain taking pills/One cousin in analysis taking notes"). And here she is at mid-life, wondering whether a woman who used to wear a "Ban the Bomb" button can find happiness being a person with a set of fondue forks, a fish poacher, and a wok. Every step of the way, *It's Hard to be Hip Over Thirty and Other Tragedies of Married Life* demonstrates once and for all that no one understands American women coming of age like Judith Viorst. **It's Hard to be Hip Over Thirty and Other Tragedies of Married Life* is a reissue of the previous

What It Is Like to Go to War

“My name’s Ryan,” he said clearly. “How in the world did you get in my room?” “You know, Kay, leaving doors open the way you do this window is just an invitation for someone to come in.” He smiled at the thought. “Like me. Unfortunately you wouldn’t want people like me coming through your window.” “And why’s that? You’re going to hurt me? You’re going to steal from my house? Dude you have no idea who you’re messing with.” “That’s where your wrong. I know exactly who I’m dealing with, and in turn that’s where you fall short because you have no idea who you’re dealing with. If you did, you’d be begging for me not to kill you.” I swallowed hard knowing that he wasn’t a normal burglar. He’s someone that knows me, but just like he said I didn’t know him. Did he know I have powers? I quickly thought of pain but all he did was smile. Did he know what I was doing? He stepped forward as he tapped the side of his temple. “Don’t try to get in here little girl because you’re nowhere near my strength. In fact you’re the complete opposite of what people described you as.” My eyes widened in shock. He knew who I was and what I could do. “But how--” “How I know you? Simple, you learn about that person. That’s what you do when you go after someone before you kill them.”

Poor George's Almanac: A 2008 Calendar

In Tim Cowgill book it tells the story of a middle-aged man who sets off on a journey back to Ireland to attend the funeral of an old friend. On the journey he reads a journal that a younger self wrote recounting his difficult childhood and the pain of growing up. The older reader is taken back to his childhood traumas through the journal which recalls events in the years from 1969 through to the year 1981. The journal is littered with musical references that the middle-aged reader uses to make strong connections between his modern life and the life of the writer. This connection is further reinforced by a trip back to the country of his birth, Ireland. The reader is invited to remember their own youth through regular mentions of significant events and important music of the time; the 60s, the 70s and the 80s.

The Definition of Me

From the author of *THIN IS THE NEW HAPPY* comes a hilarious new memoir about embracing your Inner Hater. In the midst of a health and career crisis, Valerie uncorks years of pent up rage, and discovers you don't have to be happy to be happy. You don't have to love everyone else to like yourself. And that your Bitchy Twin might just be your funniest, most valuable and honest ally. "The hate in you has got to come out." After being advised to reduce stress by her doctor, humorist Valerie Frankel realized the biggest source of pressure in her life was maintaining an unflappable easing-going persona. After years of glossing over the negative, Frankel goes on a mission of emotional honesty, vowing to let herself feel and express all the toxic emotions she'd long suppressed or denied: jealousy, rage, greed, envy, impatience, regret. Frankel reveals her personal History of Hate, from mean girls in junior high, selfish boyfriends in her twenties and old professional rivals. Hate stomps through her current life, too, with snobby neighbors, rude cell phone talkers, scary doctors and helicopter moms. Regarding her husband, she asks, "How Do I Hate You? Let Me Count the Ways." (FYI: There are three.) By the end of her authentic emotional experience, Frankel concludes that toxic emotions are actually good for you. The positive thinkers, aka, The Secret crowd, have it backwards. Trying to ward off negativity was what'd been causing Frankel's career stagnation, as well as her health and personal problems. With the guidance of celebrity friends like Joan Rivers and psychic Mary T. Browne, Frankel now uses

It's Hard to Be Five

Why It's Hard To Love Jesus takes a close look at the story in Luke 7 describing Simon the Pharisee and a sinful woman who anoints Jesus with expensive oil. When we're confronted with the reality of Jesus, do we remain indifferent and religious like Simon the Pharisee or do we fall at His feet in adoring worship like the woman who had been forgiven much? Joseph Stowell challenges Christians to honestly probe the answer to this penetrating question.
