### **Common Core Practice - 6th Grade English Language Arts**

Kelley Wingate's Math Practice for fourth grade is designed to help students master basic math skills through focused math practice. Practice pages will be leveled in order to target each student's individual needs for support. Some pages will provide clear, step-by-step examples. The basic skills covered include more complex multiplication and division, equivalence, addition, subtraction, and multiplication of fractions, properties of geometric figures, and a comprehensive selection of other fourth grade math skills. This well-known series, Kelley Wingate, has been updated to align content to the Common Core State Standards. The 128-page books will provide a strong foundation of basic skills and will offer differentiated practice pages to make sure all students are well prepared to succeed in today's Common Core classroom. The books will include Common Core standards matrices, cut-apart flashcard sections, and award certificates. This series is designed to engage and recognize all learners, at school or at home.

180 Days of School = 180 Days of Awesome! Awesome is all around us. Every day you walk into your school something amazing is bound to happen. Some days that awesome is easy to see, it comes in the form of laughter, academic progress, achieving goals, and building relationships with kids. Some days that awesome is nearly impossible to see amongst all the meetings, curriculum changes, displeased parents, and behavior concerns. Here is the cool part, whether you are having a level 10 day or level 0 day, focusing on the awesome has the power to turn each day of education into an exciting adventure in learning. Come along with me on this 180 day quest as we learn to focus on those little awesome moments that have the power to change everything. Because sometimes it's the little things that make the biggest difference. So put on your teaching shoes, a big smile, and get a cup or pot of coffee ready, you are about to embark on 180 days of awesome!

### **LEAP 2025 Prep Science 6th Grade**

Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these

questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, College Essay Essentials is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun.

## **Smarter Balanced Grade 3**

The Best Book for 6th Grade Students to ACE the SBAC Math Test! The goal of this book is simple. It will help your student incorporate the best method and the right strategies to prepare for the SBAC Mathematics test FAST and EFFECTIVELY. SBAC Mathematics Workbook is full of specific and detailed material that will be key to succeeding on the SBAC Math. It's filled with the critical math concepts a student will need in order to ace the test. Math concepts in this book break down the topics, so the material can be quickly grasped.
