culture of Native Americans, Gale's encyclopedia offers exceptional scope, clarity, and content. Covering almost 400 North American tribes, each essay contains information on both the historical and contemporary issues for the tribe. All entries begin with an introduction about the tribal roots, historic and current location, population data, and language family. This is followed by segments covering the history, religious beliefs, language, buildings, means of subsistence, clothing, healing practices, customs, oral literature, and current tribal issues. Several black-and-white illustrations and bibliographies for further research are included. A cumulative index of tribes, relevant nonnative peoples, historic dates and battles, treaties, legislation, associations, and religious groups adds value."--"Outstanding Reference Sources: the 1999 Selection of New Titles," American Libraries, May 1999. Comp. by the Reference Sources Committee, RUSA, ALA.

Encyclopedia of American Indian Literature

Discusses Native American history through the lens of all fifty U.S. states in which American Indians lived or helped shape, featuring for each state a chronology, historical overview, cultural contributions, and notable Indians.

Native America

Presents an encyclopedia of American Indian literature in an alphabetical format listing authors and their works.

Encyclopedia of Native American Music of North America

The bible of North American Horsemanship, Horse, Follow Closely is GaWaNi Pony Boy's signature title about the relationship training methods that are steeped in common sense and the age-old wisdom of his Native American ancestors. Of mixed blood Tsa-la-gi, GaWaNi Pony Boy was able to conceive his philosophy and compile the methods of relationship training while touring the United States with a Native American drum band and consulting the Tribal Elders from many different nations and backgrounds. The methods and beliefs of relationship training come directly from the first great horsemen of North America. "Horse and rider are one. Theirs is

Download Ebook The Encyclopedia Of Native American Legal Tradition Dilemmas In American Politics

a relationship of trust, harmony, and respect born of a way of life that is all but lost.” The stunning full-color photographs by Gabrielle Boisselle capture Pony Boy’s serenity and unity with his close horse companions. The author’s simple eloquence forges a deep, profound relationship with his readers that few books ever hope to achieve. As Pony Boy writes in the introduction, “For many [the Native American horseman] represents the ultimate rider. The essence of a horseman, both his skill and intuition, goes beyond the hours he spends in the saddle....the folklore of every Native tribe are stories, tales, and beliefs to exemplify human’s relations to other animals.” The book begins with an analysis of how horses came to live with the Natives of North America and horses’ impact on Native life. The crux of relationship training, according to the author, is to understand “what it means to be a horse, react like a horse, and relate to other things like a horse....” Native Americans were able to create such strong relationship with horses in a short time because they understood that “a horse is a horse.” Learning to balance the relationship between horse and human is the missing link to becoming a masterful horseman or horsewoman. The book describes not only the techniques involved for relationship training but also the belief system and attitude that must be applied to all methods of horsemanship. In addition to presenting the methods and philosophy of relationship training, *Horse, Follow Closely* also includes many stories and legends of Native Americans and their horses, all of which teach the reader something new about himself and his relationship with his horse.

Download Ebook The Encyclopedia Of Native American Legal Tradition Dilemmas In American Politics

and impact of U.S. relations with Native Americans. Extensive essays trace policies from the Continental Congress to the present day—including the role that managing the “Indian question” has played in American political development—while A to Z entries cover everything critical to a full understanding of the context to U.S./Native American relations, from history, politics, and sociology to civil rights and culture. The set is also the first reference of its kind to incorporate the expanding scholarship reflecting both the Native American viewpoint on and response to federal policies and initiatives over time.

Encyclopedia of Native American Shamanism

American Indian customs, stories, and history come to life in this important and authoritative reference, artfully designed and packaged for kids and students. More than 160 tribes are featured in this outstanding new encyclopedia, which presents a comprehensive overview of the history of North America's Native peoples. From the Apache to the Zuni, readers will learn about each tribe's history, traditions, and culture, including the impact of European expansion across the land and how tribes live today. Features include maps of ancestral lands; timelines of important dates and events; fact boxes for each tribe; bios of influential American Indians such as Sitting Bull; sidebars on daily life, homes, food, clothing, jewelry, and games; Did You Know facts with photographs; and traditional Native stories. The design is compelling and colorful, packed with full-color photographs. To help
