Security Analysis 6E

Recommended Reading by Warren Buffet in his March 2013 Letter to Shareholders
How speculation has come to dominate investment—a hard-hitting look from the creator of the first index fund. Over the course of his sixty-year career in the mutual fund industry, Vanguard Group founder John C. Bogle has witnessed a massive shift in the culture of the financial sector. The prudent, value-adding culture of long-term investment has been crowded out by an aggressive, value-destroying culture of short-term speculation. Mr. Bogle has not been merely an eyewitness to these changes, but one of the financial sector's most active participants. In *The Clash of the Cultures*, he urges a return to the common sense principles of long-term investing. Provocative and refreshingly candid, this book discusses Mr. Bogle's views on the changing culture in the mutual fund industry, how speculation has invaded our national retirement system, the failure of our

Read Free Warren Buffett's 3 Favorite Books A Guide To The Intelligent Investor Security Analysis And The Wealth Of Nations

institutional money managers to effectively participate in corporate governance, and the need for a federal standard of fiduciary duty. Mr. Bogle recounts the history of the index mutual fund, how he created it, and how exchange-traded index funds have altered its original concept of long-term investing. He also presents a first-hand history of Wellington Fund, a real-world case study on the success of investment and the failure of speculation. The book concludes with ten simple rules that will help investors meet their financial goals. Here, he presents a common sense strategy that "may not be the best strategy ever devised. But the number of strategies that are worse is infinite." The Clash of the Cultures: Investment vs. Speculation completes the trilogy of best-selling books, beginning with Bogle on Investing: The First 50 Years (2001) and Don't Count on It! (2011)

The Little Book of Value Investing

Each year, for thirty years, two veteran investment advisors attended Berkshire Hathaway's Annual Shareholders Meeting. After each meeting, they chronicled Warren Buffett and Charlie Munger's best lessons from that year. This book compiles those thirty years of wisdom for the first time.

Warren Buffett Accounting Book

"Teaches essential accounting terminology and techniques that serious stock investors need to know." -- Preface

The 5 Mistakes Every Investor Makes and How to Avoid Them

Since its hardcover publication in August of 1995, Buffett has appeared on the Wall Street Journal, New York Times, San Francisco Chronicle, Los Angeles Times, Seattle Times, Newsday and Business Week bestseller lists. The incredible landmark portrait of Warren Buffett's uniquely American life is now available in paperback, revised and updated by the author. Starting from scratch, simply by

Read Free Warren Buffett's 3 Favorite Books A Guide To The Intelligent Investor Security Analysis And The Wealth Of Nations

picking stocks and companies for investment, Warren Buffett amassed one of the epochal fortunes of the twentieth century--an astounding net worth of \$10 billion, and counting. His awesome investment record has made him a cult figure popularly known for his seeming contradictions: a billionaire who has a modest lifestyle, a phenomenally successful investor who eschews the revolving-door trading of modern Wall Street, a brilliant dealmaker who cultivates a homespun aura. Journalist Roger Lowenstein draws on three years of unprecedented access to Buffett's family, friends, and colleagues to provide the first definitive, inside account of the life and career of this American original. Buffett explains Buffett's investment strategy--a long-term philosophy grounded in buying stock in companies that are undervalued on the market and hanging on until their worth invariably surfaces--and shows how it is a reflection of his inner self.

Security Analysis: Sixth Edition, Foreword by Warren Buffett

For all the promises of God in him are yea, and in him Amen, unto the glory of God by us. 2 Corinthians 1:20 The My Promise Bible is an inspirational tool to express faith through art and be reminded of God's promises. Bible journaling is an exciting way to document your spiritual journey through coloring illustrations and memorable verses. Set some time aside as you sit peacefully and ponder the wonders of God's Word.

The Ten Commandments for Business Failure

In the third edition of this international best seller, Lawrence Cunningham brings you the latest wisdom from Warren Buffett's annual letters to Berkshire Hathaway shareholders. New material addresses: the financial crisis and its continuing implications for investors, managers and society; the housing bubble at the bottom of that crisis; the debt and derivatives excesses that fueled the crisis and how to deal with them; controlling risk and protecting reputation in corporate governance; Berkshire's acquisition and operation of Burlington Northern Santa Fe; the role of

Read Free Warren Buffett's 3 Favorite Books A Guide To The Intelligent Investor Security Analysis And The Wealth Of Nations

oversight in heavily regulated industries; investment possibilities today; and weaknesses of popular option valuation models. Some other material has been rearranged to deepen the themes and lessons that the collection has always produced: Buffett's "owner-related business principles" are in the prologue as a separate subject and valuation and accounting topics are spread over four instead of two sections and reordered to sharpen their payoff. Day Trading QuickStart Guide

This book IS: Completely interactive with over 10 hours of video content. A starting point for amateur and intermediate investors to finally understand the content found in *The Intelligent Investor*, *Security Analysis*, and *The Wealth of Nations*. Easy to understand, yet covers complex topics for stocks, bonds, and preferred shares. Did you know Warren Buffett, the world's wealthiest stock investor, is quoted as saying three books have shaped his investment philosophy? For more than half a century, he used the information provided in these three books to go from nothing - to a massive \$39 billion net worth. The three books that gave him this wisdom are: *The Wealth of Nations* (pub. 1776) by Adam Smith, *Security Analysis* (pub. 1934) by Benjamin Graham, and *The Intelligent Investor* (pub. 1949), also by Benjamin Graham. In fact, Benjamin Graham was Buffett's professor at Columbia and the most influential financial advisor he ever had. So, have you ever tried reading Graham's books? Many might agree the books are as exciting as listening to Ben Stein read the 30th page of *The Wall Street Journal*. It is time we fixed that. Instead of keeping these billion-dollar secrets hidden behind thousands of pages of financial jargon, I wrote one simple guide - *Warren Buffett's Three Favorite Books*. If you're looking for a guide that explains how the wealthy really think and buy

insider information and a network of rich friends? Surprisingly not. Buffett's investment strategy can be imitated by anyone, with any size account. This book will lead you every step of the way, in easy-to-understand language. I have studied Warren Buffett and his investments for over 20 years. Over that time, I have distilled Buffett's most valuable investing insights into an easy-to-follow program. It's time to learn a proven strategy that takes the stress out of investing. In this book, you will learn: How to compound wealth like Buffett Sneaky tricks for decoding financial statements How to tell the difference between a great business and a mediocre business How to figure out how much to pay for a high-quality stock The best times to buy stocks Investing pitfalls to avoid How to profit from bear markets, instead of getting destroyed The beauty of the Buffett approach is its simplicity. Imagine how relaxed you will feel when you learn how to invest with a Zen-like calm, like Buffett himself. Amazon best-selling author and retired hedge fund manager, Matthew Kratter will teach you the secrets that he has used to profitably invest in stocks for the last 20 years, following Buffett's methods. Buffett's strategy is powerful, and yet so simple to use. Even if you are a complete beginner, this book will quickly bring you up to speed. And if you ever get stuck, you can always reach out to me by email (provided inside of the book), and I will help you. Are you ready to start growing your money today? Then scroll to the top of this page and click BUY NOW.

The Intelligent Investor

Read Free Warren Buffett's 3 Favorite Books A Guide To The Intelligent Investor Security Analysis And The Wealth Of Nations

The extraordinary life story of the former chairman of the Federal Reserve, whose absolute integrity provides the inspiration we need as our constitutional system and political tradition are being tested to the breaking point. As chairman of the Federal Reserve (1979-1987), Paul Volcker slayed the inflation dragon that was consuming the American economy and restored the world's faith in central bankers. That extraordinary feat was just one pivotal episode in a decades-long career serving six presidents. Told with wit, humor, and down-to-earth erudition, the narrative of Volcker's career illuminates the changes that have taken place in American life, government, and the economy since World War II. He vibrantly illustrates the crises he managed alongside the world's leading politicians, central bankers, and financiers. Yet he first found his model for competent and ethical governance in his father, the town manager of Teaneck, NJ, who instilled Volcker's dedication to absolute integrity and his "three verities" of stable prices, sound finance, and good government.

The Outsiders

"Once I picked it up I did not put it down until I finished. . . . What Schwed has done is capture fully-in deceptively clean language-the lunacy at the heart of the investment business." -- From the Foreword by Michael Lewis, Bestselling author of Liar's Poker ". . . one of the funniest books ever written about Wall Street." -- Jane

Read Free Warren Buffett's 3 Favorite Books A Guide To The Intelligent Investor Security Analysis And The Wealth Of Nations

Bryant Quinn, The Washington Post "How great to have a reissue of a hilarious classic that proves the more things change the more they stay the same. Only the names have been changed to protect the innocent." -- Michael Bloomberg "It's amazing how well Schwed's book is holding up after fifty-five years. About the only thing that's changed on Wall Street is that computers have replaced pencils and graph paper. Otherwise, the basics are the same. The investor's need to believe somebody is matched by the financial advisor's need to make a nice living. If one of them has to be disappointed, it's bound to be the former." -- John Rothchild, Author, A Fool and His Money, Financial Columnist, Time magazine Humorous and entertaining, this book exposes the folly and hypocrisy of Wall Street. The title refers to a story about a visitor to New York who admired the yachts of the bankers and brokers. Naively, he asked where all the customers' yachts were? Of course, none of the customers could afford yachts, even though they dutifully followed the advice of their bankers and brokers. Full of wise contrarian advice and offering a true look at the world of investing, in which brokers get rich while their customers go broke, this book continues to open the eyes of investors to the reality of Wall Street.

the influential investor's views on such topics as management, philanthropy, and public policy.

One Thousand Ways to Make \$1000

Don Keough—a former top executive at Coca-Cola and now chairman of the elite investment banking firm Allen & Company—has witnessed plenty of failures in his sixty-year career (including New Coke). He has also been friends with some of the most successful people in business history, including Warren Buffett, Bill Gates, Jack Welch, Rupert Murdoch, and Peter Drucker. Now this elder statesman reveals how great enterprises get into trouble. Even the smartest executives can fall into the trap of believing in their own infallibility. When that happens, more bad decisions are sure to follow. This light-hearted “how-not-to” book includes anecdotes from Keough's long career as well as other infamous failures. His commandments for failure include: Quit Taking Risks; Be Inflexible; Assume Infallibility; Put All Your Faith in Experts; Send Mixed Messages; and Be Afraid of the Future. As he writes, “After a lifetime in business I've never been able to develop a step-by-step formula that will guarantee success. What I could do, however, was talk about how to lose. I guarantee that anyone who follows my formula will be a highly successful loser.”

Tap Dancing to Work

"A road map for investing that I have now been following for 57 years." --From the Foreword by Warren E. Buffett First published in 1934, *Security Analysis* is one of the most influential financial books ever written. Selling more than one million copies through five editions, it has provided generations of investors with the timeless value investing philosophy and techniques of Benjamin Graham and David L. Dodd. As relevant today as when they first appeared nearly 75 years ago, the teachings of Benjamin Graham, "the father of value investing," have withstood the test of time across a wide diversity of market conditions, countries, and asset classes. This new sixth edition, based on the classic 1940 version, is enhanced with 200 additional pages of commentary from some of today's leading Wall Street money managers. These masters of value investing explain why the principles and techniques of Graham and Dodd are still highly relevant even in today's vastly different markets. The contributor list includes: Seth A. Klarman, president of The Baupost Group, L.L.C. and author of *Margin of Safety* James Grant, founder of Grant's Interest Rate Observer, general partner of Nippon Partners Jeffrey M. Laderman, twenty-five year veteran of *BusinessWeek* Roger Lowenstein, author of *Buffett: The Making of an American Capitalist* and *When America Aged and Outside Director, Sequoia Fund* Howard S. Marks, CFA, Chairman and Co-Founder, Oaktree Capital Management L.P. J. Ezra Merkin, Managing Partner, Gabriel Capital Group . Bruce Berkowitz, Founder, Fairholme Capital Management. Glenn H. Greenberg, Co-

Where Are the Customers' Yachts

Social Value Investing presents a new way to approach some of society's most difficult and intractable challenges. Although many of our world's problems may seem too great and too complex to solve — inequality, climate change, affordable housing, corruption, healthcare, food insecurity — solutions to these challenges do exist, and will be found through new partnerships bringing together leaders from the public, private, and philanthropic sectors. In their new book, Howard W. Buffett and William B. Eimicke present a five-point management framework for developing and measuring the success of such partnerships. Inspired by value investing — one of history's most successful investment paradigms — this framework provides tools to maximize collaborative efficiency and positive social impact, so that major public programs can deliver innovative, inclusive, and long-lasting solutions. It also offers practical insights for any private sector CEO, public sector administrator, or nonprofit manager hoping to build successful cross-sector collaborations. Social Value Investing tells the compelling stories of cross-sector partnerships from around the world — Central Park and the High Line in New York City, community-led economic development in Afghanistan, and improved public services in cities

across Brazil. Drawing on lessons and observations from a broad selections of collaborations, this book combines real life stories with detailed analysis, resulting in a blueprint for effective, sustainable partnerships that serve the public interest. Readers also gain access to original, academic case material and professionally produced video documentaries for every major partnerships profiled — bringing to life the people and stories in a way that few other business or management books have done.

Security Analysis

Compiled by the son of the cofounder of H&R Block, a collection of business quotes and advice from the most successful investor of the twentieth century, Warren Buffett. Warren Buffett, chairman and CEO of Berkshire Hathaway, is widely considered the most successful investor of the twentieth century. Since the early 1950s, Buffett has proved himself to be an astute investor, and he turned Berkshire Hathaway from a struggling small textile business into the fifth-largest public company in the world, valued at nearly \$350 billion. Buffett is well known for his simple but invaluable principles regarding investing and finances, and countless businessmen and people looking to be smarter with their money and their investments have turned to Buffett for his advice. One of those people is Robert Bloch, son of the cofounder of the tax preparation company H&R Block. The Warren Buffet Book of Investing Wisdom contains nearly three hundred quotes that

Loved by millions around the world, Dr. Borlang is recognized as one of the most influential men of the twentieth century.

Invest Like Warren Buffett

The Warren Buffett Way provided the first look into the strategies that the master uses to pick stocks. A New York Times bestseller, it is a valuable and practical primer on the principles behind the remarkable investment run of the famed oracle of Omaha. In this much-awaited companion to that book, author Robert Hagstrom takes the next logical step, revealing how to profitably manage stocks once you

Read Free Warren Buffetts 3 Favorite Books A Guide To The Intelligent Investor Security Analysis And The Wealth Of Nations

select them. THE WARREN BUFFETT PORTFOLIO will help you through the process of building a superior portfolio and managing the stocks going forward. Building a concentrated portfolio is critical for investment success. THE WARREN BUFFETT PORTFOLIO introduces the next wave of investment strategy, called focus investing. A comprehensive investment strategy used with spectacular results by Buffett, focus investing directs investors to select a concentrated group of businesses by examining their management and financial positions as compared to their stock prices. A strategy that has historically outperformed the market, focus investing is based on the principle that a shareholder's return from owning a stock is ultimately determined by the economics of the underlying business. Hagstrom explains in easy-to-understand terms exactly what focus investing is, how it works, and how it can be applied by any investor at any level of experience. He demonstrates how Buffett arranges his stocks in a focus portfolio and reveals why this is as responsible for his incredible returns as the individual stocks he picks. Ultimately, Hagstrom shows how to use this technique to build and manage a portfolio to achieve the best possible results.

The Man who Fed the World

First published in 1936, One Thousand Ways to Make \$1000 is the long out-of-print book that Warren Buffett's biographers credit with shaping the legendary investor's business acumen and giving him his trademark appreciation of compound interest.

Read Free Warren Buffetts 3 Favorite Books A Guide To The Intelligent Investor Security Analysis And The Wealth Of Nations

After pulling a copy of One Thousand Ways off a library shelf at age eleven and devouring F.C. Minaker's plucky and practical business advice, Buffett declared that he would be a millionaire by the time he was 35. Written in the immediate, conversational style of Dale Carnegie's How to Win Friends and Influence People, this book is full of inventive ideas on how to make money through excellent salesmanship, hard work, and resourcefulness. While some of the ideas may seem quaint today-goat dairying, manufacturing motor-driven chairs, and renting out billiard tables to local establishments are among the money-making ideas presented- the underlying fundamentals of business explained in these pages remain as solid as they were over seventy years ago. Covering a wide spectrum of topics including investing, marketing, merchandising, sales, customer relations, and raising money for charity, One Thousand Ways to Make \$1000 is both a durable, classic business book and a fascinating portrait of determined entrepreneurship in Depression-era America. Every effort has been made to reproduce the content exactly as it was originally presented.

Take on the Street

“There are a few investment managers, of course, who are very good – though in the short run, it’s difficult to determine whether a great record is due to luck or talent. Most advisors, however, are far better at generating high fees than they are at generating high returns. In truth, their core competence is salesmanship. Rather

Read Free Warren Buffett's 3 Favorite Books A Guide To The Intelligent Investor Security Analysis And The Wealth Of Nations

than listen to their siren songs, investors – large and small – should instead read Jack Bogle’s *The Little Book of Common Sense Investing*.” – Warren Buffett, Chairman of Berkshire Hathaway, 2014 Annual Shareholder Letter. Investing is all about common sense. Owning a diversified portfolio of stocks and holding it for the long term is a winner’s game. Trying to beat the stock market is theoretically a zero-sum game (for every winner, there must be a loser), but after the substantial costs of investing are deducted, it becomes a loser’s game. Common sense tells us—and history confirms—that the simplest and most efficient investment strategy is to buy and hold all of the nation’s publicly held businesses at very low cost. The classic index fund that owns this market portfolio is the only investment that guarantees you with your fair share of stock market returns. To learn how to make index investing work for you, there’s no better mentor than legendary mutual fund industry veteran John C. Bogle. Over the course of his long career, Bogle—founder of the Vanguard Group and creator of the world’s first index mutual fund—has relied primarily on index investing to help Vanguard’s clients build substantial wealth. Now, with *The Little Book of Common Sense Investing*, he wants to help you do the same. Filled with in-depth insights and practical advice, *The Little Book of Common Sense Investing* will show you how to incorporate this proven investment strategy into your portfolio. It will also change the very way you think about investing. Successful investing is not easy. (It requires discipline and patience.) But it is simple. For it’s all about common sense. With *The Little Book of Common Sense Investing* as your guide, you’ll discover how to make investing a

Read Free Warren Buffett's 3 Favorite Books A Guide To The Intelligent Investor Security Analysis And The Wealth Of Nations

winner's game: Why business reality—dividend yields and earnings growth—is more important than market expectations How to overcome the powerful impact of investment costs, taxes, and inflation How the magic of compounding returns is overwhelmed by the tyranny of compounding costs What expert investors and brilliant academics—from Warren Buffett and Benjamin Graham to Paul Samuelson and Burton Malkiel—have to say about index investing And much more You'll also find warnings about investment fads and fashions, including the recent stampede into exchange traded funds and the rise of indexing gimmickry. The real formula for investment success is to own the entire market, while significantly minimizing the costs of financial intermediation. That's what index investing is all about. And that's what this book is all about.

the new face of the recording industry, guiding you through the shift from traditional sales to downloads and mobile music, as well as how you can harness social media networks to get your music "out there." You get basic songwriting concepts, insider tips and advice, and inspiration for writing — and selling — meaningful, timeless songs. Songwriting 101 — get a grip on everything you need to know to write a song, from learning to listen to your "inner voice" to creating a "mood" and everything in between Jaunt around the genres — discover the variety of musical genres and find your fit, whether it's rock, pop, R&B, gospel, country, or more Let the lyrics out — master the art of writing lyrics, from finding your own voice to penning the actual words to using hooks, verses, choruses, and bridges Make beautiful music — find your rhythm, make melodies, and use chords to put the finishing touches on your song Work the Web — harness online marketing and social networks like Facebook, Twitter, and others to get your music heard by a whole new audience Open the book and find: What you need to know before you write a single note Tips on finding inspiration Ways to use poetic devices in lyrics Computer and Web-based shortcuts and technologies to streamline songwriting A look at famous songwriting collaborators Writing for stage, screen, and television How to make a demo to get your song heard Advice on how to make money from your music Songwriting For Dummies, 2nd Edition (9781119675655) was previously published as Songwriting For Dummies, 2nd Edition (9780470615140). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product.

Common Stocks and Uncommon Profits and Other Writings

“Business Adventures remains the best business book I’ve ever read.” —Bill Gates, The Wall Street Journal What do the \$350 million Ford Motor Company disaster known as the Edsel, the fast and incredible rise of Xerox, and the unbelievable scandals at General Electric and Texas Gulf Sulphur have in common? Each is an example of how an iconic company was defined by a particular moment of fame or notoriety; these notable and fascinating accounts are as relevant today to understanding the intricacies of corporate life as they were when the events happened. Stories about Wall Street are infused with drama and adventure and reveal the machinations and volatile nature of the world of finance. Longtime New Yorker contributor John Brooks’s insightful reportage is so full of personality and critical detail that whether he is looking at the astounding market crash of 1962, the collapse of a well-known brokerage firm, or the bold attempt by American bankers to save the British pound, one gets the sense that history repeats itself. Five additional stories on equally fascinating subjects round out this wonderful collection that will both entertain and inform readers . . . Business Adventures is truly financial journalism at its liveliest and best.

Social Value Investing

One of the Forbes 400 wealthiest Americans, former CEO Clayton tells his story, from being born to poor cotton farmers in west Tennessee to building Clayton Homes into one of the top distributors and loaners in the mobile home industry.

How To Win Friends and Influence People

Buying a dollar's worth of assets for 50 cents isn't the only way to succeed on Wall Street. But it is how Warren Buffett got rich. Just as value investing never goes out of style, neither does the value investor's bible, Security Analysis, by Benjamin Graham and David L. Dodd, which has withstood the test of time as well or better than any investment book ever published. Now the Sixth Edition updates the masters' ideas and adapts them for the 21st century's markets.

Keeping At It

Examines how investors are being exploited and deceived by both financial institutions and corporate America, discussing such topics as broker compensation,

fair disclosure, and 401(k) investments.

Dealmaking: The New Strategy of Negotiauctions

For years, academic thinking on negotiations and auctions has matured in different silos. Negotiation theory focused on deals between two parties, investigating psychological motivations and invoking ideas like 'best alternative to a negotiated agreement.' Auction theory, on the other hand, focused exclusively on situations where multiple bidders were involved and the highest bidder won. Harvard Business School professor Guhan Subramanian specializes in understanding how deals. As he studied deals in the news, observed deals as a participant and invited legendary dealmakers into his classroom, one commonality kept cropping up. Assets most often change hand not in a pure negotiation or a pure auction, but by a mechanism that freely combines elements from both schools of thought. Negotiators are 'fighting on two fronts' across the table, but also on the same side of the table with known, unknown, or possible competitors. In Negotiauctions, Subramanian provides a lively tour of both negotiation and auction theory, following those summaries with an in-depth look at his hybrid theory that includes strategies that readers can use in real life situations. Along the way Subramanian employs multiple case studies, from studio negotiations over a new season of the TV show Frasier to his own experience purchasing a car. Classroom tested in one of the world's best business schools, Negotiauctions is an indispensable how-to guide

for anyone involved in the sale of high-value assets.

The Little Book of Common Sense Investing

With an insider's view of the mind of the master, Mary Buffett and David Clark have written a simple guide for reading financial statements from Warren Buffett's successful perspective. Buffett and Clark clearly outline Warren Buffett's strategies in a way that will appeal to newcomers and seasoned Buffettologists alike. Inspired by the seminal work of Buffett's mentor, Benjamin Graham (*The Interpretation of Financial Statements*, 1937), this book presents Buffett's interpretation of financial statements with anecdotes and quotes from the master investor himself. Potential investors will discover:

- Buffett's time-tested dos and don'ts for interpreting an income statement and balance sheet
- Why high research and development costs can kill a great business
- How much debt Buffett thinks a company can carry before it becomes too dangerous to touch
- The financial ratios and calculations that Buffett uses to identify the company with a durable competitive advantage -- which he believes makes for the winning long-term investment
- How Buffett uses financial statements to value a company
- What kinds of companies Warren stays away from no matter how cheap their selling price

Once readers complete and master Buffett's simple financial calculations and methods for interpreting a company's financial statement, they'll be well on their way to identifying which companies are going to be tomorrow's

winners -- and which will be the losers they should avoid at all costs. Destined to become a classic in the world of investment books, Warren Buffett and the Interpretation of Financial Statements is the perfect companion volume to The New Buffettology and The Tao of Warren Buffett.

Warren Buffett Invests Like a Girl

Shortlisted for the Financial Times and Goldman Sachs Business Book of the Year Prize 2008 *The Snowball* is the first and will be the only biography of the world's richest man, Warren Buffett, written with his full cooperation and collaboration. Combining a unique blend of "The Sage of Omaha's" business savvy, life story and philosophy, *The Snowball* is essential reading for anyone wishing to discover and replicate the secrets of his business and life success. Warren Buffett is arguably the world's greatest investor. Even as a child he was fascinated by the concept of risk and probability, setting up his first business at the age of six. In 1964 he bought struggling Massachusetts textile firm Berkshire Hathaway and grew it to be the 12th largest corporation in the US purely through the exercise of sound investing principles - a feat never equalled in the annals of business. Despite an estimated net worth of around US\$62 billion, Buffett leads an intriguingly frugal life taking home a salary of only £50,000 a year. His only indulgence is a private jet, an extravagance he wryly acknowledges by calling it "The Indefensible". In 2006, he made the largest charitable donation on record, with most of it going to the Bill &

Melinda Gates Foundation. The Snowball provides a comprehensive, richly detailed insight into one of the world's most extraordinary and much loved public figures.

Business Adventures

A groundbreaking system for measuring organizational trustworthiness to determine investment potential "Tremendous! Laura Rittenhouse has delivered again! Investing Between the Lines is destined to become a classic in showing how candor is the language of trust and how trust is the basis on which companies ultimately succeed. I highly recommend this most interesting and insightful book." Stephen M. R. Covey, author of the New York Times and #1 Wall Street Journal bestseller The Speed of Trust and coauthor of Smart Trust In Investing Between the Lines, CEO communications expert, L. J. Rittenhouse offers a proven methodology for accurately analyzing the worthiness of an investment: Reading corporate "fog," i.e., shareholder letters, and other corporate correspondence. Based on a model that's made believers of Warren Buffet and Jack Welch, Rittenhouse looks at the "fog" of 100 Fortune 500 companies—and then overlays these "Fog rankings" on the stock's price performance. It's a system that made Rittenhouse one of the very first to predict the Lehman Bros. implosion, and other financial disasters—and that will arm investors with the skills and knowledge to unearth hidden risks in their portfolios and pick potential winners. L. J. Rittenhouse is president of Rittenhouse Rankings Inc, a CEO strategic and investor relations company that annually
